DIAGRAM OF THE STATE OF OHIO,

ILLUSTRATING A METHOD OF DESIGNATING THE RELATIVE POSITIONS OF THE COUNTIES IN THAT AND OTHER STATES, BY SYMBOLS, AS USED IN THE FOLLOWING LIST OF POST OFFICES.

DEVISED (AND COPYRIGHTED) BY JOSEPH M. TONER, M. D., OF WASHINGTON, D. C.

Adopted by the Postmaster General, September 1, 1875.

This method consists in regarding the Counties of each State (or Territory) in their relation to an imaginary division of the area of the State into a central, northern, eastern, southern, western, northwestern, northeastern southeastern, and southwestern section — each of these nine sections (each containing several counties) being, as near as may be, of equal area, and designated by the simple series of symbols shown above.

In States nearly square or rectangular the supposed division is readily made,—in others, as for instance Florida Maryland, New Jersey, etc., some of the nine sections do not appear, but in all cases the most practically approximate division has been adopted.

POST OFFICES IN THE UNITED STATES,

DECEMBER 1, 1888.

ARRANGED BY STATES AND COUNTIES.

For explanation of Indicator Marks attached to names of Counties, see preceding page.

Offices in **full-face** type are MONEY-ORDER offices, authorized to issue and pay Money Orders and Postal Notes. Those marked with the asterisk (*) are *International*, as well as Domestic, money-order offices. Offices indicated by the sign § are authorized to issue Postal Notes, but not Money Orders, nor to pay either Postal Notes or Money Orders,

By the letters *c. h.* in parentheses, thus: (*c. h.*), county seats are indicated.

INTERNATIONAL REGISTERED MATTER.

The table of International Registered Pouch Exchanges on page 2 of this Guide is published in accordance with Section 1152 of the Postal Regulations, and must be carefully observed by all postmasters. Registered matter for any of the Canadian provinces indicated therein, and for Cuba, should be billed and enclosed in registered package envelopes addressed to the proper U. S. exchange office.

Postmasters should copy such portions of this table as pertain to their own offices, and keep the same for ready reference.

Registered matter for Newfoundland, and for the French islands of St. Pierre and Miquelon should be billed for exchange to Boston, Mass.

Registered matter for trans-Atlantic destinations, for British India, Straits Settlements, Siam and the Dutch Settlements in the East Indies, should be sent in registered packages addressed to New York.

Matter for Central and South America, the West Indies (except Cuba, as before stated), and islands off the Atlantic coast, should also be billed and sent to New York, although when proper and expedient to do so, such matter may be sent to New Orleans for Nicaragua, Costa Rica, Guatemala, the Republic of Honduras and British Honduras.

Registered matter for trans-Pacific destination, including matter for the Hawaiian Kingdom, New Zealand, Tasmania, Australia, New Caledonia, Japan, the Chinese ports, and the East Indies, except British India, Straits Settlements, Siam, and the Dutch Settlements, must be billed and sent to San Francisco.

Registered matter for the South Pacific and Central American ports, for the west coast of Mexico, and for lower California, may also be billed and sent to San Francisco, Cal.

Registered matter originating at other exchange offices which are points of debarkation may be dispatched direct from those offices, unless specially addressed to go otherwise, or there is some good reason, such as would facilitate its dispatch, or improve and increase its safety in transmission, for sending it otherwise.

Unless specially addressed to go otherwise, or by a steamer leaving some other port, registered matter must be sent as above directed.

TABLE OF UNITED STATES INTERNATIONAL REGISTERED POUCH EXCHANGE OFFICES.

Postmasters receiving registered matter for the Canadian provinces, or for Cuba, will ascertain from addresses and comparison with table headings, to which foreign exchange district the registered matter should be sent.—They will then address registered package envelopes and bill such registered matter to that U. S. exchange post office in the approximate column set opposite the state in which the postmaster's own office is located.—(See exceptions at foot of table.)

SUGGESTIONS TO THE PUBLIC ON POSTAL SUBJECTS.

1. *How to Direct and Mail Letters.*—Mail-matter should be addressed legibly and completely, giving the name of the post office, and, if to a city having a free-delivery, the street and number, and the post office box of the person addressed should be added, if he have one. It is well to give the county also, and *to spell the name of the State in full.* To secure return to the sender in case of misdirection or insufficient payment of postage, his name should be written or printed upon the upper left-hand corner of all mail-matter. The matter will then be returned to the sender, if not called for at its destination, without going to the Dead Letter Office, and, if a letter, it will be returned free.

Dispatch is hastened by mailing early, especially when large numbers of letters, newspapers, or circulars are mailed at once.

When numbers of letters or circulars are mailed together, addressed to the same destination, it is well to tie them in bundles with the addresses facing the same side. On letters for places in foreign countries, especially Canada and England, in which many post offices have the same name as offices in the United States, the name of the country as well as post offices should be given in full. Letters addressed, for instance, merely to "London," without adding

"England," are frequently sent to London, Canada, and *vice versa*, thereby causing delay, and often serious loss. Letters addressed to Burlington, N. S. (Nova Scotia) often go to Burlington, New York, on account of the resemblance between S and Y when carelessly written.

2. *Avoid Thin Envelopes.*—Thin envelopes, or those made of weak or poor, unsubstantial paper, should not be used, especially for large packages. Being often handled, and in the mail-bags subjected to pressure and friction, such envelopes are frequently torn open or burst, without fault of those who handle them. It is best to use Stamped Envelopes wherever it is convenient and practical to do so.

3. *Register Valuable Matter.*—All valuable matter should be registered. Registry fee is ten cents, which, with full postage must be prepaid, and name and address of sender must be given on the outside of envelope or wrapper. Money should be sent by a money-order or registered letter; otherwise it is liable to loss. (See page 750.)

4. *The Convenience of Letter Boxes.*—Patrons in cities where letter carriers are employed are advised to provide letter boxes at places of business or private residences, thereby saving much delay in the delivery of mail-matter.

5. *The Use of Mailing Boxes.*—When dropping a packet in a mailing box, or into the receptacle at the post office, care should be taken that the packet falls into the box, and does not stick in the passage. Mail-matter deposited in any receptacle erected by the Department, such as street mailing-boxes for the reception of mail-matter to be collected by letter-carriers, or boxes in railroad depots for the reception of matter to be collected by employés of the railway mail service, cannot be reclaimed by any one under any circumstances. On such receptacles erected in railroad depots a notice should be affixed that they are not intended for reception of matter for city delivery. Persons depositing drop letters therein, intended for city delivery, do so at their own risk, and cannot reclaim them, excepting through the Dead Letter Office.

6. *Affix Stamps Firmly.*—Postage stamps should be placed on the upper right-hand corner of the address-side of all the mail-matter, care being taken that they are *securely affixed.*

7. *What Postage May be Paid With.*—Postmasters are not required to accept payment for postage stamps, etc., any currency which may be so mutilated as to be uncurrent or as to render its genuineness doubtful. Nor are they required to receive more than twenty-five cents in copper or nickel coins, nor to affix stamps to letters, nor to make change, except as a matter of courtesy. (P. L. & R. § 178.) They must not give credit for postage. (See P. L. & R. § 174.)

8. *General Suggestions.*—A subscriber to a newspaper or periodical who changes his residence and post office should at once notify the publisher, and have the publication sent to his new address.

9. The delivery of letters is not controlled by statutory provision, but by the rules and regulations of the Post Office Department; the object of which is to insure and facilitate such delivery to the persons for whom the letters are intended. In the case of money-orders and registered letters, the parties applying for them, if not known, should be required to prove their identity in the same manner as in banking institutions, where parties presenting drafts, checks, etc., who are not known, are required to prove their identity. In the case of advertised letters, parties applying should be questioned as to the place or places whence they may be expecting correspondence. In the general delivery of a post office, the postmaster should exercise a sound discretion in the delivery of letters to persons claiming to be the persons named in the address, and who may not be known to him. (See P. L. & R. §§ 565–581.)

10. Publishers and news-agents mailing second-class matter in quantities will facilitate its distribution, and often hasten its dispatch, by separating such matter by states and territories and the larger cities.

11. Hotel matter, that is, matter addressed for delivery at hotels, should be returned to the post office as soon as it is evident that it will not be claimed.

12. Proprietors of hotels, officers of clubs and boards of trade or exchanges, should not hold unclaimed letters longer than ten days, except at the request of the person addressed, and should re-direct them for forwarding; and in the absence of more definite information as to where the person addressed may be found, the new address may be taken from the hotel register.

13. All inquiries, whether from postmasters or the public, relative to lost or missing mail-matter of every description, both foreign or domestic, ordinary and registered, should be

addressed to the Chief Post Office Inspector, Post Office Department, Washington, D. C., to whom all losses or irregularities should be reported as soon as possible after the loss. An early report is necessary, as the chance of recovery is thereby increased.

14. All inquiries relative to mail-matter supposed to have been sent to the Dead Letter Office should be addressed to the Superintendent, Dead Letter Office; and in such cases the letter of inquiry must state to whom and what post office the article was addressed, and give the name and full address of the writer or sender, the date and place of mailing, and a brief description of the contents. If it is known when the missing matter was sent to the Dead Letter Office, the date and the reason for sending should be given. If registered, the number should also be furnished.

15. Packages of third and fourth class matter, except single books, may weigh not exceeding four pounds. (See P. L. & R. § 368, 374.)

16. Packages of mutilated currency addressed to the Treasurer of the United States for redemption may be registered free of charge for registry, but the postage thereon must be prepaid at letter rates. (See P. L. & R. §§ 1047, 1048.)

17. It is desirable that the management of the newly completed lines of railroad consult the Post Office Department in regard to the names of stations; if the names of stations in all cases correspond with those of the post offices in whose delivery they are, much confusion and annoyance will be saved the Department and the public.

18. Letters addressed to persons temporarily sojourning in a city where the Free Delivery System is in operation should be marked "Transient" or "General Delivery," if not addressed to a street and number or some other designated place of delivery.

19. The issue of money-orders on credit is prohibited, under the severest penalties, and no moneys will be received by a postmaster in payment for money-orders issued except that which is legal tender by the laws of the United States, or the notes of the national banks; nor can orders be paid in any other currency than that herein described. Checks, drafts, or promissory notes are not to be received under any circumstances for the issue of money orders.

20. Postal employés are not permitted to change the address upon misdirected letters and other mail-matter. Matter not addressed to any post office cannot be forwarded in the mails, but must be returned to the sender, if known, for better direction, or else sent to the Dead Letter Office. It is easier for the public to address their mail matter to a post office than it is for the Department to ascertain where matter not addressed to a post office should be sent. Postmasters have been instructed to inform senders of the proper post office address of matter returned to them because not addressed to a post office, or, if the proper address is not known, to advise them to apply at the nearest division superintendent of railway mail service for the desired information.

21. All mail matter arriving at destination upon which postage is collected in money from the recipient, upon delivery, must have affixed thereto a brown postage-due stamp or stamps equal to the sum collected. (P. L. & R. § 557.) Persons from whom such postage is required may and are requested to demand that such postage-due stamps be affixed by the postmaster or his representative when payment is made.

22. Proprietors of hotels should omit the return-request from envelopes supplied gratuitously to their guests; and guests using such envelopes should be careful to designate what disposition should be made of letters sent by them in case they cannot be delivered.

23. *Applications for the Establishment of Post Offices* should be addressed to the First Assistant Postmaster General, accompanied by a statement of the necessity therefor. Instructions will then be given and blanks furnished to enable the petitioners to furnish the Department the necessary information.

In selecting names for post offices it is desired that the name of the town or village in which the office is to be located should be adopted, if such name is in no way similar to that of any established office in the state, or in any other state, the abbreviation of which is similar. Short names should be preferred. The prefix of "East," "Centre," "Mount," "New," "North," "South," or "West," to the name of a post office is objectionable; as also is the addition of "Boro," "Burgh," "Centre," "City," "Corners," "Creek," "Cross Roads," "Depot," "Hill," "Hotel," "Hollow," "Junction," "Mill," "Mound," "Mount," "Peak," "Plains," "Point," "Port," "Prairie," "Rock," "River," "Run," "Ridge," "Store," "Station," "Springs," "Town," "Vale," "Valley," "Village," or "Ville," as such prefixes or appendixes are the cause of much confusion and delay in the transmission of the mails.

24. It will be well for proprietors of hotels to have envelopes marked "Guests' envelopes,' or "Envelope for the use of guests,"—using, of course a different envelope for their own business.

25. *Procuring of Copies of Department Files.*—Copies of papers on the files of the Department will not be furnished on the application of individuals, except in cases where a suit is commenced and pending involving the substance of the paper or document itself, and then only on the certificate of counsel showing that such papers or documents are material as evidence in the trial or preparation for trial of the cause, and stating wherein such materiality consists, with such other proof of materiality as may be required by the Postmaster General. But in no case will copies be furnished of the official bonds of officers connected with the service; except upon suits relating to said bonds or the execution thereof, or criminal prosecutions thereunder.

INFORMATION FOR THE PUBLIC ON POSTAL SUBJECTS.

Classification of Mail Matter.

Sec. 1. *Classification of Domestic Mail Matter.*—Domestic mail matter,—that is, mail matter sent in the mails from some post office within the United States or territories to some other post office within the same,—is divided into four classes, as follows:

1st. Written matter, namely, letters, postal cards, and all matter wholly or partly in writing, whether sealed or unsealed (except manuscript copy, accompanying proof sheets or corrected proof sheets of the same). All matter sealed or otherwise closed against inspection is also of the first class. (P. L. & R. §§ 321, 376.)

2. Periodical publications, namely, all newspapers and other periodical publications which are issued at stated intervals, and as frequently as four times a year, which bear a date of issue, and are numbered consecutively, are issued from a known office of publication, are formed of printed paper sheets, without board, cloth, leather or other substantial binding. To be entitled to entry in this class, such publications must be originated and published for the dissemination of information of a public character, or devoted to literature, the sciences, art, or some special industry, and must have a legitimate list of subscribers, and must not be designed primarily for advertising purposes, or for free circulation or circulation at nominal rates. (P. L. & R. §§ 319, 327, 328.)

3d. Books, circulars, periodicals and other matter wholly in print (not included in second class matter), proof-sheets, corrected proof-sheets, and manuscript copy accompanying the same. (P. L. & R. § 359.)

"Printed matter" is defined by statute to be "the reproduction upon paper, by any process except that of handwriting, of any words, letters, characters, figures, or images, or of any combination thereof, not having the character of an actual and personal correspondence." (P. L. & R. § 363.)

A "circular" is defined by statute to be "a printed letter, which, according to internal evidence, is being sent in identical terms to several persons," and does not lose its character as such by writing therein the date, name of the addressee or of the sender, or the correction of mere typographical errors. (P. L. & R. § 460.)

4th. Merchandise, namely all matter not embraced in the first, second or third class, which is not in its form or nature liable to destroy, deface or otherwise damage the contents of the mail bag, or harm the person of any one engaged in the postal service, and not above the weight provided by law. (See § 2 of this *Guide.*)

Sec. 2. *Limit of Weight of Mail Matter.*—No package weighing more than four pounds shall be received for conveyance by mail, except single books weighing in excess of that amount, and except books and documents published or circulated by order of Congress, or official matter emanating from any of the Departments of the Government or from the Smithsonian Institution. (P. L. & R. §§ 374, 358.)

Second-class matter mailed in packages at the pound rate is not subject to the four-pound limitation.

The above limit of weight does not apply to matter in foreign mails regulated by postal conventions. (P. L. & R. § 374, note.)

As to limit of weight of packages containing liquids, see § 20 par. 4 of this Guide.

Rates of Postage.

Sec. 3. *On First Class Matter.*—The rate of postage on matter of the first class is as follows:

1. On letters and other written matter, except that specially authorized to pass at third-class rates (See § 1 par. 3 of this Guide), and on sealed matter or matter otherwise closed against inspection, two cents per ounce or fraction thereof.

2. On postal cards one cent each, the price for which they are sold.

3. On "drop letters" two cents per ounce or fraction thereof when mailed at letter-carrier post offices, and one cent for each ounce or fraction thereof at offices where free delivery by carrier is not established.

Sec. 4. *On Second-Class Matter.* 1. The rate of postage on second-class matter when sent by the publisher thereof, and from the office of publication, including sample copies, or when sent from a news agency to actual subscribers thereto, or to other news agents, is one cent per pound or fraction thereof. (P. L. &. R. § 348.)

2. The rate of postage on newspapers and periodical publications of the second-class when sent by other than the publisher or news agent, is one cent for each four ounces or fractional part thereof. (P. L. & R. § 351.)

3. The rate of postage on newspapers (excepting weeklies) and periodicals not exceeding two ounces in weight, when the same are deposited in a letter-carrier office for delivery by its carriers, is uniform at one cent each; on periodicals weighing more than two ounces, two cents each. (See P. L. & R. § 352.)

4. Newspapers (other than weeklies) and periodicals when deposited by the publisher or news agent in a letter-carrier office for general or box delivery are subject to pay postage at the rate of one cent per pound; when deposited by other than publishers or news agents, for general or box delivery, the rate is one cent for four ounces or fractional part thereof. (P. L. & R. §§ 352, 421.)

5. Weekly newspapers when deposited by the publisher or news agent in a letter-carrier office for letter or box delivery, or delivery by carriers, are subject only to the rate of one cent a pound or fraction thereof; when deposited by other than the publisher or news agent, they are subject to postage at the rate of one cent for each package not exceeding four ounces in weight, and one cent for each additional four ounces or fractional part thereof.

As to the right of newspapers, etc., to pass free in the county, see § 14 of this Guide.

6. All newspapers and periodicals entitled to the second-class rate must pay one cent per pound when sent by the publisher or news agent by mail to a letter-carrier office. The payment of this rate, when thus sent, entitles them to delivery by carriers to subscribers at such letter-carrier office when properly folded and addressed.

7. *On Third-Class Matter.*—The rate of postage on third-class matter is one cent for each two ounces or fractional part thereof. (P. L. & R. § 359.)

8. *On Fourth-Class Matter.*—The rate of postage on fourth-class matter is one cent an ounce or fraction thereof. (P. L. & R. § 373.)

9. By the act approved July 24, 1888, the postage on seeds, cuttings, roots, scions and plants shall be charged at the rate of one cent for each two ounces or fraction thereof.

Second Class Matter Sent by News Agents.

Sec. 5. *Rights of News Agents.*—News agents are persons, including newsboys, engaged in business as news-dealers or sellers of second-class publications. A mere local or traveling agent for a publication is not a news agent.

In admitting second-class publications sent from a news agency, postmasters will observe the following:

1. The news agent must file with the postmaster at his office of mailing, a statement showing the names of the periodicals which he mails, the post-offices to which they are directed, the number of subscribers to each on his list, with the dates to which their regular subscriptions extend.

2. He must furnish the postmaster satisfactory evidence that the publications offered are entitled to the pound rate, and have been duly entered at the office of publication.

3. Satisfactory evidence must also be furnished that the person to whom bulk packages are sent from a news agency are also news agents, and the address upon bulk packages sent to or from a news agency to a news agent should show that the addressee is such agent.

4. A news agent cannot be permitted to take packages of newspapers and periodicals out of a post office, write an address on each copy and return them to the office for mailing or delivery without additional prepayment of postage at the pound rate, except in the case of publications entitled to pass free under section 421 P. L. & R., to actual subscribers thereto, obtained by him, and the bulk packages of which, mailed to him, have been prepaid at the pound rate.

5. The postmaster is not authorized to open a news agent's packages and distribute any of the papers or periodicals therein through the post-office to subscribers free.

6. A publisher, who purchases for his subscribers a portion of an edition of another second-class publication, is deemed a news agent, and may receive and remail the same at the pound rate. (P. L. & R. § 350.)

7. News agents cannot return unsold copies to publishers at the pound rate; but such unsold copies may be sent at one cent for each four ounces or fractional part thereof. When the news agent desires to return to the publishers merely the heads or small portions of each copy, as evidence that the copy has not been sold, such portions are not entitled to pass at the pound rate, but must be rated as third class matter.

8. On all copies sent by news agents to persons not subscribers or other news agents, either gratuitously, or to fill orders or otherwise, postage must be prepaid at the transient rate, by affixing ordinary stamps to the package at the rate of one cent for each four ounces or fraction thereof.

Entry of Second-class Publications.

Sec. 6. *Application for Admission to the Pound Rate.* The attention of publishers is invited to the following regulations, respecting the admission of second class publications to the pound rate:—When a new publication is offered for mailing at pound rates at any post office, the postmaster will proceed as follows:

1. Require the publisher, or one of the publishers, to make and present to him, with two copies of the publication, sworn answers in writing to the following interrogatories:

1st. Magazine or newspaper? 2d. How often published? 3d. Where is the paper printed? 4th. Who are the proprietors of the paper or magazine? 5th. Are they in any way interested, pecuniarily, in any business or trade represented by the publication, either in the reading matter or in the advertisements; if so, what is the interest? 6th. Who are the editors of the publication, and how is their compensation determined? 7th. Have the editors any pecuniary interest in any business or trade represented by the publication, either in the reading matter or in the advertisements; if so, what is the interest? 8th. Is your publication regarded by the trade which it purports to represent as a general organ of the trade, or is it considered as representing the business interest of a special house in that trade, whose price current or advertisements appear therein? 9th. As a result of the publication of your paper or magazine, is the interest of any business house in the trade especially advanced, notwithstanding your design of making the publication a journal representing the trade? 10th. Can any house in good standing advertise in your publication at the regular published rates? 11th. Have any of the business houses which advertise in your publication any interest (either by past connection or special contract) therein respecting advertisements or subscriptions; and if so, what is that interest? 12th. What is the greatest number of copies furnished to any person or firm who advertise in your publication? 13th. On what terms are these papers furnished? 14th. What number of papers do you print of each issue? 15th. About what number of *bona fide* subscribers (that is, subscribers who pay their own money for the publication and receive it regularly) have you to the next issue of your paper? 16th. What is the subscription price of your publication per annum? 17th. How many pounds weight will cover the papers furnished to regular subscribers? 18th. What average number of sample copies with each issue do you desire to send through the mail at pound rates? 19th. How are the names of the persons to whom you wish to send sample copies obtained by you?

2. If satisfied by the affidavit, the publication itself, and further proofs offered, that the publication is admissible, he will issue a temporary permit, on a form to be furnished by the Department admitting the publication at the pound rates pending the determination of the Department as to its admissibility.

3. If upon such evidence the admissibility appear to be doubtful, he shall require a deposit at third-class rates on the issue offered for mailing, and issue a permit admitting the

publication conditionally, pending determination, the excess of the deposit over the pound rate to be refunded if the Department shall decide that the publisher is entitled to the pound rates.

4. If satisfied of non-admissibility, he will refuse to admit except at third-class rates, advising the publisher to appeal to the Department.

5. In all cases he will forward to the Third Assistant Postmaster General, in the same envelope, the application, affidavit, and other proofs presented by the publisher with a copy of the publication, and a statement of any facts or reasons known to him for or against the admission sought, retaining one copy of the publication to be kept in his office for such comparison with future issues as may be necessary. (P. L. & R. § 333.)

SEC. 7. *Entry of Second-Class Publications.*—The Third Assistant Postmaster-General finally decides upon the admissibility of publications to the pound rate in all cases. He will without delay examine all applications, and upon being satisfied that a publication is entitled to admission at such rates will authorize the postmaster at the proper office to issue a certificate of entry therefor. The postmaster will thereupon issue such certificate on form furnished by the Department, and the publisher is then privileged to print upon each copy of the publication so entered the words, "ENTERED AT THE POST OFFICE AT———, AS SECOND-CLASS MATTER." The printing of such words or their equivalent, without due entry having first been made, is unlawful. (See P. L. & R. §§ 334, 346.)

Postmasters should notify publishers of the requirements of this chapter, and that it is the desire of the Department that due entry be made of all second-class publications, both old and new, and that frequent examination and rigid scrutiny will be had of all publications not so formally entered.

Whenever it is made to appear by satisfactory evidence that a publication has been admitted to the pound rates upon false evidence, or that after admission it has so changed its character as to be no longer entitled thereto, the entry thereof will be revoked, and the postmaster at the proper office notified of the revocation. (P. L. & R. § 334.)

Department Record of Second-Class Publications.—The Third Assistant Postmaster General will cause a record to be kept of second-class publications admitted to the pound rates, giving the date of entry, date when publication ceased or entry was revoked, and will require postmasters punctually to forward all reports and information necessary to keeping the same, and note all changes therein. (P. L. & R. § 335.)

SEC. 8 *Supplements and Extra Editions.*—Publishers of matter of the second class may, without subjecting it to extra postage, fold within their regular issues a supplement; but in all cases the added matter must be germane to the publication which it supplements; that is to say, matter supplied in order to complete that to which it is added or supplemented, but omitted from the regular issue for want of space, time, or greater convenience, which supplement must in every case be issued with the publication. (See P. L. & R. § 337.) Publications, entirely distinct from and independent of the regular publications, but complete in themselves, and not germane to the regular issues, nor connected therewith, "posters," "show bills," or special advertisements, designed to be posted up, cannot be adopted as supplements. Supplements printed at or elsewhere than at the office of publication must be printed with the purpose of being used as supplements to such publications, and not for another distinct and separate use. Matter printed elsewhere than at the office of publication, to be used as supplements to various newspapers for the purpose of securing circulation to some advertisement of private business therein, cannot be used as supplements. Publications of statutes, ordinances, proceedings of public or deliberative assemblies, boards or conventions, advertisements of tax sales, or other notices or advertisements required by law to be published, whether gratuitously or for compensation, are proper supplemental matter. Supplements must be folded with the regular issues. If mailed separately, they must be prepaid as third-class matter; and they must bear the name of the paper with which they are folded, (See P. L. & R. § 338.) Extra editions, when genuine, are admissible at the pound rate. (P. L. & R. § 336.)

SAMPLE COPIES.

SEC. 9. *Right of Publishers to Send.*—Sample copies which may be sent by publishers from the office of publication at the pound rate, are defined to be copies sent to persons not subscribers for the purpose of inducing them to subscribe or advertise or become agents therefor.

In determining their admissibility as sample copies, the following rules should be applied, namely:

1. They must be exactly like the regular edition sent to subscribers. When made up as a special edition different from the regular edition of the same date for subscribers, or containing advertisements in addition to those in the regular edition, they are not sample copies, but third-class matter.

2. The number of sample copies is not limited when sent in good faith as such; but they should be put up in single wrappers and each package addressed, and should be plainly marked on the wrapper or exposed face of the package, "SAMPLE COPY." *

3. An extra number of the issue cannot be sent as sample copies upon the order of, or to fulfill a contract by the publisher, with an advertiser or advertising agency, and extra numbers mailed pursuant to such order or contract must be prepaid at the four-ounce rate. (See P. L. & R. § 351.)

4. After a publication has been admitted to the second-class rate, the continuous mailing by the publisher of sample copies in numbers exceeding the issue to regular subscribers, or of such copies continuously to the same person, will be deemed evidence that the publication is primarily designed for advertising or free circulation, and the sample copies should be detained until the facts can be ascertained. The postmaster should promptly report the case to the Third Assistant Postmaster-General.

5. Sample copies are not entitled to free county circulation, and must be mailed separately from editions that are, and prepaid at pound rates.

6. They must not be inclosed in the same package with copies intended for subscribers. If so inclosed they must be returned to the publisher for separation. (P. L. & R. § 340.)

7. They cannot be mailed by news agents at the pound rate.

FREE MATTER.

SEC. 10. *Matter which may be Franked.*—All public documents printed by order of Congress may be sent by senators, representatives, territorial delegates, the secretary of the Senate and clerk of the House, and received through the mail free. The word "free" must be written or printed thereon, the name of the sender and his official designation must be written thereon. (P. L. & R. §§ 409–413, p. 759 of this GUIDE.) The Congressional Record, or any part thereof, or speeches or reports therein contained, may be sent under the frank of a senator, member or delegate, to be written by himself. (P. L. & R. § 410.) Seeds and agricultural reports, sent from the Department of Agriculture or by senators, members or delegates, pass free. The franking privileges of members of congress and delegates, as above indicated, continue until the first Monday of December following the expiration of their terms of office. (P. L. & R. §§ 409–411.) Special franking privileges have been granted Sarah Polk, widow of the late President, James K. Polk; Lucretia R. Garfield, widow of the late President, James A. Garfield; and Julia D. Grant, widow of the late President, Ulysses S. Grant; and all mail matter carried to or sent by them under their respective written autograph signatures will be carried free, during their respective natural lives. (P. L. & R. § 412.)

Census Matter.—Documents and papers relating to the census sent by officers of the Census office or addressed thereto, may be sent free. (P. L. & R. § 414.)

SEC. 11. *Official or Penalty Envelopes.*—It is lawful to carry through the mail free of postage letters and packages relating "exclusively to the business of the Government of the United States." For this purpose official or penalty envelopes are provided for use of the Departments, bureaus, offices and officers of the United States. The right to use them extends to all officers of the United States Government (not including members of Congress and pension agents or other officers who receive a fixed allowance for their expenses, including expenses of postages.) Any department or office entitled to use them may inclose the penalty envelope with return address to any person from or through whom official information is derived, the same to be used only to cover such official information. The penalty for using them to avoid payment of postage on private matter is a fine of $300. (P. L. & R. § 415.). The name of the Department or proper designation of the office or officer should be printed on the upper left-hand corner of the address face of the envelope, and thereunder the words,

*NOTE.—Several sample copies may be inclosed in one single wrapper, to one address, or may be sent in one wrapper addressed to the post office, and each paper therein properly folded addressed to some patron of the office, and marked or printed "sample copy" on the wrapper or on the exposed face of each of the papers separately addressed.

"Official business," and the penalty clause should be printed or written on the upper left-hand corner. (P. L. & R. § 416.) Persons not officers writing to the Departments or to officers of the United States concerning the business of the writers with the Government cannot use the penalty envelope to transmit their correspondence.

SEC. 12. *Agricultural College Reports, Bulletins, etc.*—The annual report of agricultural colleges established under the act of July 2, 1862, one copy to the Secretary of the Interior, and one copy to each of the other colleges endowed under said act, may be sent free. (See P. L. & R. § 417.) The annual reports and bulletins of Agricultural Experiment stations may also be sent free in the mails; but application for the privilege with evidence showing right thereto must first be made to the Department. (P. L. & R. § 418.)

SEC. 13. *Copyright Books.*—Postmasters are required to send free to the Librarian of Congress any book, map, chart, dramatic, or musical composition, engraving, cut, print or photograph or negative thereof, or of a painting, drawing, chromo, statue, which the author, inventor, designer or proprietor, or assignee, deposits for mailing to such address. (See P. L. & R. § 420.)

SEC. 14. *Free County Delivery of Second-Class Matter.*—Publications of the second class, one copy to each actual subscriber residing in the county where the same are printed, in whole or in part, and published, shall go free through the mails; but the same shall not be delivered at letter-carrier offices, or distributed by carriers, unless postage is paid thereon at the rate of one cent per pound. (See P. L. & R. § 421.) The rate on newspapers (excepting weeklies), and periodicals not exceeding two ounces in weight, when the same are deposited in a letter-carrier office for delivery by its carriers, shall be uniform at one cent each; periodicals weighing more than two ounces shall be subject, when delivered by such carriers, to a postage of two cents each, and these rates shall be prepaid by stamps affixed. (P. L. & R. § 352.)

Weekly newspapers mailed for delivery at a free-delivery office, although within the county of publication, must pay the pound rate, and are then entitled to delivery by carriers or through boxes or the general delivery, as the subscribers desire.

Daily newspapers, or newspapers other than weeklies, and periodicals mailed for delivery at other than letter-carrier offices within the country, one copy each to actual subscribers residing in the country are entitled to pass free; but if mailed for delivery at a letter-carrier office other than the office of mailing, the pound rate must be paid thereon; if mailed for delivery at a letter-carrier office through box or general delivery at the office of mailing, the pound rate must be paid; if deposited in a letter-carrier office for delivery by its carriers, the postage must be prepaid at one cent each for newspapers, one cent each for periodicals weighing less than two ounces, and two cents for periodicals weighing over two ounces.

PREPAYMENT OF POSTAGE.

SEC. 15. *When and how postage to be Paid.*—The rule of the statutes is prepayment of postage on matter not free in all cases. The exceptions to the rule are noted in this section.

1. *On First-Class Matter.*—The postage is to be prepaid by stamps affixed. But first-class matter will be dispatched if one full rate—two cents—in stamps be affixed, and the residue of the postage will be collected of the addressee before delivery.

As an exception to the rule of prepayment, letters of soldiers, sailors and marines in the service of the United States may be transmitted unpaid, when marked "Soldier's letter," "Sailor's letter," or "Marine's letter," as the case may be, and signed thereunder with his name and official designation by a field or staff officer, post or department commander, to whose command the soldier belongs, or by a surgeon or chaplain at a hospital where he may be; and in the navy and marine service, by the officer in command of the vessel, or surgeon on board, or officer commanding a naval hospital or detachment on shore; and the postage at single rates only will be collected on delivery. (P. L. & R. §§ 320, 323.)

Postage must be prepaid by postage stamps affixed or impressed.

2. *On Second-Class Matter.*—When sent by publishers or news agents at the pound rate, the postage is prepaid in money, and newspaper and periodical stamps are affixed to the stub of each receipt given; ordinary stamps cannot be used for this purpose.

When second-class matter is deposited in a letter-carrier office for delivery by its carriers, the postage, at the rate specified in section 4, p. 738, of this GUIDE, must be prepaid by stamps affixed. (P. L. & R. § 352.)

On second-class matter, sent by other than publishers or news agents entitled to the pound rate, the postage must be fully prepaid by postage stamps affixed. (P. L. & R. § 351.)

3. *On Third-Class Matter.*—The postage must be fully prepaid by stamps affixed. (P. L. & R. § 359.)

4. *On Fourth-Class Matter.*—The postage must be fully prepaid by stamps affixed. (P. L. & R. § 373.)

Postage-Due.

Sec. 16. *Postage-due, when to be Collected.*—When mail matter of the first class is prepaid one full rate—two cents—it shall be forwarded to its destination charged with the unpaid rate to be collected on delivery. (P. L. & R. § 557.)

No article of mail matter, except free matter, on which prepayment in full has not been made shall be delivered until the deficient postage has been paid. (P. L. & R. § 557.)

Sec. 17. *Double Postage, when to be Collected.*—If any mail matter on which by law the postage is required to be prepaid at the mailing office, shall, by inadvertence, reach its destination without *any* prepayment, double the prepaid rates shall be charged and collected on delivery. (P. L. & R. § 320.)

The postage-due and to be collected on short-paid or unpaid matter inadvertently dispatched is indicated by postage-due stamps, which the postmaster at the office of destination is required to affix and cancel before delivery. (P. L. & R. § 557.)

Unmailable Matter.

Sec. 19. *What is Unmailable.*—Unmailable matter includes all matter which is by law, regulation or treaty stipulation prohibited from being transmitted in the mails, or which, by reason of illegible, incorrect, or insufficient address of person or office, cannot be forwarded to destination or delivered to the person for whom intended. Unmailable matter is classified thus:

1. *Held for Postage.*—Or matter insufficiently prepaid to entitle it to be forwarded. This includes domestic matter of the first class which is not prepaid at least one full rate, two cents, and all other domestic matter not fully prepaid.

As to matter unmailable when addressed to or received from foreign countries, see page 774 of this Guide.

2. *Misdirected.*—That is, matter without address or so incorrectly, insufficiently or illegibly addressed that it cannot be forwarded to its destination. This includes "nixes," the term applied to designate mail-matter not addressed to a post office, or addressed to a post office without the name of the State being given, or otherwise so incorrectly, illegibly or insufficiently addressed that it cannot be transmitted. (P. L. & R. § 1005.)

3. *Destructive.*—That which from its harmful nature is forbidden to be in the mails. Among these are: Poisons, explosive or inflammable articles, live or dead (and not stuffed) animals, insects or reptiles (except as specified in par. 8 of section 20, p. 745, of this Guide), fruits or vegetable matter liable to decomposition, comb honey, guano, or any article exhaling a bad odor; vinous, spirituous and malt liquors, and liquids liable to explosion, spontaneous combustion or ignition by shock or jar (such as kerosene oil, naphtha, benzine, turpentine and other liquids of like character).

4. *Coin and Jewelry.*—That matter, to wit, coin, jewelry, or other precious articles, which by the provisions of the conventions with foreign countries are prohibited from being sent in mails to foreign countries. (See note 25, p. 795, of this Guide.)

5. *Obscene Matter.*—This embraces: Every obscene, lewd, or lascivious book, pamphlet, picture, paper, writing, print, or other publication of an indecent character; every article or thing designed or intended for the prevention of conception or procuring abortion; every article or thing adapted or intended for any indecent or immoral use; every written or printed card, circular, book, pamphlet, advertisement, or notice of any kind giving information, directly or indirectly, where, how or from whom, or by what means any of the hereinbefore mentioned matters, articles, or things may be obtained or made; every letter upon the envelope of which or postal card upon which indecent, lewd, obscene, or lascivious delineations, epithets, terms, or language may be written or printed.

6. *Lottery Matter.*—That is, letters and circulars *known* to be concerning lotteries, so-called gift concerts or other similar enterprises, offering prizes, or concerning schemes devised and

intended to deceive and defraud the public for the purpose of obtaining money under false pretenses. (P. L. & R. § 379.)

7. *Mutilated.*—That matter becomes unmailable which is recovered from wrecked or burned mail cars or vessels, or which has been so damaged by any other means that it cannot be forwarded to its destination. This includes all matter of value found loose in the mails, separated from the wrapper, label, or envelope containing the address, so that the direction cannot be known; and all matter which is recovered from depredations on the mails, which the Postmaster-General is required to restore to the owners when ownership is proved.

8. *Excess of Weight and Size.*—Those packages of domestic third and fourth-class matter more than four pounds (except single books exceeding that weight, and official matter emanating from the Departments and books and documents published and circulated by order of Congress (see § 2, p. 737, of this GUIDE), and of foreign matter, which are in excess of the weight or size fixed by the treaty stipulation as the maximum for such matter (see page 794 of this GUIDE).

MANNER OF WRAPPING MAIL-MATTER.

SEC. 20. *Second-Class Matter.*—No newspapers shall be received to be conveyed by mail unless they are sufficiently dried and enclosed in proper wrappers (P. L. & R. § 354). The wrappers should be such that they can be easily removed without destroying them or injuring their inclosures.

2 *Third-Matter Class* must be placed under band, upon a roller, between boards, or in an uninclosed envelope, or closed so as not to conceal the nature of the packet or its contents, or it may be so tied with a string as to easily unfasten. Address cards and all printed matter in the form of an unfolded card may be mailed without band, envelope, fastening or fold.

3. *Fourth-Class Matter* not absolutely excluded from the mails, but which from its form or nature might, unless properly secured, destroy, deface, or otherwise damage the contents of the mail bag or harm the person of any one engaged in the postal service, may be transmitted in the mails when it conforms to the following conditions:

1. When not liquid or liquefiable, it must be placed in a bag, box, or removable envelope or wrapping, made of paper, cloth, or parchment.

2. Such bag, box, envelope, or wrapping must again be placed in a box or tube made of metal or some hard wood, with sliding clasp or screw-lid.

3. In cases of articles liable to break, the inside box, bag, envelope, or wrapping must be surrounded by sawdust, cotton, or other elastic substance.

4. Admissible liquids and oils (not exceeding 4 ounce liquid measure), pastes, salves, or articles easily liquefiable, must conform to the following conditions: When in glass bottles or vials, such bottles or vials must be strong enough to stand the shock of handling in the mails, and must be enclosed in a wooden or papier-maché block or tube not less than three-sixteenths of an inch thick in the thinnest part, strong enough to support the weight of mails piled in bags and resist rough handling; and there must be provided between the bottle and its wooden case, a cushion of cork-crumbs, cotton, felt, asbestos, or some other like substance, sufficient to protect the glass from shock in handling; the block or tube to be impervious to liquid, including oils, and to be closed by a tightly fitting screw-lid of wood or metal, with a rubber or other pad so adjusted as to prevent the leakage of the contents in case of breaking of the glass. When inclosed in a tin cylinder, metal case or tube, such cylinder, case or tube should have a screw-lid with a rubber or cork cushion inside in order to make the same water-tight, and should be securely fastened in a wooden or papier-maché block (open only at one end) and not less in thickness and strength than above described. Manufacturers or dealers intending to transmit articles or samples in considerable quantities, should submit a sample package showing their mode of packing to the postmaster at the mailing office, who will see that the conditions of this section are carefully observed.

5. In case of sharp-pointed instruments, the points must be capped or encased so that they may not by any means be liable to cut through their enclosure; and where they have blades, such blades must be bound with wire so that they shall remain firmly attached to each other, and within their handles or sockets. Needles must be enclosed in metal or wooden cases so that they cannot by any means prick through or pass out of their inclosures.

6. Seeds, or other articles not prohibited, which are liable from their form or nature to loss or damage, unless specially protected, may be put up in sealed envelopes, if such envel-

opes are made of material sufficiently transparent to show the contents clearly without opening.

7. Ink powders, pepper, snuff, or other powders not explosive, or any pulverized dry substances not poisonous, may be sent in the mails when inclosed in the manner prescribed herein for liquids, or when inclosed in metal, wooden or papier-maché cases in such secure manner as to render the escape of any particles of dust from the package by ordinary handling impossible, and of such strength as to bear the weight and handling of the mails without breaking; the method of packing to be subject to the approval of the General Superintendent of the Railway Mail Service.

8. Queen bees and their attendant bees, and dried insects or reptiles, may be sent in the mails when properly put up, so as not to injure the persons of those handling the mails, nor soil the mail bags or their contents.

9. Hard candies or confectionery, yeast cakes, soap in hard cakes, when wrapped in strong paper boxes or heavy paper wrappers adequate to prevent all injury to other mail matter in the same mail bag, are admissible in the domestic mails.

10. Pistols or revolvers, in detached parts, may be sent in the mails; but the mailing postmaster will carefully examine such packages, and will receive them only when sure they are harmless.

11. No specific mode of packing is prescribed for samples of flour; but they should be put up in such manner as to certainly avoid risk of the package breaking or cracking, or the flour being scattered in the mails, and if this be not done the sample should be excluded.

12. Articles of fourth-class matter must be so wrapped that their contents may be easily and thoroughly examined by postmasters, both with reference to the safety of the mails and postal employés, and to the exclusion of matter chargeable as of the first class. (P. L. & R. § 370.)

Whenever any packet of matter other than first class offered for mailing to any address within the United States is sealed or otherwise closed against inspection, or bears writing not permissible by law (see § 22 of this GUIDE), it is subject to postage at letter or first-class rates, and will be treated as a letter; that is, if one full rate, two cents, has been paid, it will be rated up with the deficient postage at letter rates; if less than one full rate has been paid, it will be treated as a short-paid letter. (P. L. & R. § 377.)

GENERAL PROVISIONS.

SEC. 21. *Penalty for Evasion of Payment of Postage.*—Any person who shall conceal or inclose matter of a higher class in that of a lower class, and deposit or cause the same to be deposited for conveyance by mail, at a less rate than would be charged for both such higher and lower class matter, shall, for every such offense, be liable to a penalty of ten dollars. (P. L. & R. § 375.)

Second, third or fourth class matter containing any writing or printing unauthorized by law cannot be delivered, except upon payment of postage for matter of the first class.

SEC. 22. *What is Permissible to be Written or Printed on Mail Matter not of the First Class.*—Mailable matter of the second-class shall contain no writing, print, or sign thereon or therein in addition to the original print, except as herein provided, to wit: The name and address of the person to whom the matter shall be sent, index-figures of subscription-book either printed or written, the printed title of the publication and the place of its publication, the printed or written name and address without addition of advertisement of the publisher or sender, or both, and written or printed words or figures, or both, indicating the date on which the subscription to such matter will end, the correction of any typographical error, a mark except by written or printed words to designate a word or passage to which it is desired to call attention; the words "sample copy," when the matter is sent as such; the words "marked copy," when the matter contains a marked item or article, and publishers or news agents may inclose in their publications bills, receipts and orders for subscriptions thereto, but the same shall be in such form as to convey no other information than the name, place of publication, subscription price of the publication to which they refer, and the subscription due thereon. (Act of January 20, 1888.) When matter mailable at second-class rates is prepaid at the third-class rate, it shall be deemed third-class matter and entitled to all the permissible printing or writing authorized for matter of the third-class. The number of copies enclosed may be indicated upon the wrapper or face of the package.

A bill or receipt for subscription, may include the names of more than one publication, and their terms of subscription, provided they are all published by the same individual or company, or sent by the same news agent, and may include any period of subscription or any number of shipments to a news agent.

Orders for subscription may indicate the term or period for which subscription is ordered. The written or printed words or figures, or both, to indicate when the subscription will end, may be placed upon the matter itself, upon the wrapper or upon the bills, receipts or orders which may be enclosed therewith.

Permissible Additions to Third-Class Matter. Upon matter of the third class, or upon the wrapper or envelope enclosing the same, or the tag or label attached thereto, the sender may write his own name, occupation, and residence or business address, preceded by the word "from," and may make marks other than by written or printed words to call attention to any word or passage in the text, and may correct any typographical errors. There may be placed upon the blank leaves or cover of any book, or printed matter of the third class, a simple manuscript dedication or inscription not of the nature of a personal correspondence. Upon the wrapper or envelope of third-class matter or the tag or label attached thereto may be printed any matter mailable as third-class, but there must be left on the address side a space sufficient for a legible address and necessary stamps. (Act of January 20, 1888.)

Permissible Writing or Printing upon or with Fourth-Class Matter. With a package of fourth-class matter prepaid at the proper rate for that class, the sender may inclose any mailable third-class matter, and may write upon the wrapper or cover thereof, or tag or label accompanying the same, his name, occupation, residence or business address, preceded by the word "from," and any marks, numbers, names or letters for purpose of description, or may print thereon the same, and any printed matter not in the nature of a personal correspondence, but there must be left on the address side or face of the package a space sufficient for a legible address and necessary stamps. (Act of January 20, 1888.)

The tag or label with the printing or writing authorized thereon, may be attached to the whole package, or separate tags or labels, bearing the same, may be attached to each of one or more articles contained in the package. (See p. 755 of this Guide.

Withdrawal of Mail Matter.

Sec. 23. *Before Dispatch.*—After mailable matter has been deposited in the post office it cannot be withdrawn except by the writer thereof or sender, or in case of a minor child, the parent or guardian duly authorized to control the correspondence of the writer. The utmost care must be taken to ascertain that the person desiring to withdraw the matter is the person entitled to do so. If necessary, the postmaster should require the applicant to exhibit a written address in the same hand as that upon the letter, and such description of the letter or article mailed, or other evidence, as will identify the same and satisfy the postmaster that the applicant is entitled to withdraw it.

The postmaster acts at his peril in permitting such withdrawal, and would be liable, however honest his intentions, were he to deliver it to an impostor or one not entitled to it. He should in no case delay a mail or retard the business of his office in order to search for a letter desired to be withdrawn. (P. L. & R. § 531.)

Sec 24. *Letters with Stamps Canceled not to be Withdrawn.*—After canceling the stamps upon a letter the postmaster must not return it to the person mailing it for him to take it to a railway post office. If received too late to put in the locked pouch, the postmaster or his assistant or sworn clerk may, after cancellation and postmarking, take it to the postal car. The railway postal clerk may receive it from such postmaster, asssistant, or clerk, but is forbidden to receive such canceled letter from any other person out of the pouch. (P. L. & R. § 532.)

Sec. 25. *Withdrawal by Sender after Dispatch.*—After a letter has passed from the mailing post office the delivery of the same may be prevented, and its return to the writer secured, by an application by the writer to the postmaster at the office of mailing, stating reasons therefor, identifying the letter, and supporting such application with sufficient proof in writing. Upon such application and evidence, and upon a deposit being made by the writer of a sum sufficient to cover all expenses incurred, the postmaster shall telegraph a request for the return of such letter to his office, if it has been forwarded, to the postmaster at the office of address, carefully describing the same, so as to identify it and prevent the return of any other matter. On receipt of such request the postmaster at the office of

address shall return such letter to the mailing postmaster in a penalty envelope, who will deliver it to the writer upon payment of all expenses and of letter rate of postage on the matter returned, on the envelope of which postage-due stamps of the proper value must be placed and canceled, and upon the prepayment also of a registered parcel, addressed to the First Assistant Postmaster-General, in which the postmaster shall inclose and transmit the application of the writer and all proofs submitted by him, together with the writer's receipt for it, and the envelope of the returned letter. The following form may be used in making application for withdrawal of mail matter after dispatch.

Forwarding Letters, Etc.

Sec. 26. *Prepaid Matter to be Forwarded.*—Prepaid letters shall be forwarded from one post office to another, at the request of the party addressed, without additional charge for postage. (R. S. § 3940.)

1. The matter to be forwarded at request of addressee, without additional charge for postage, includes letters prepaid at one full rate (two cents), parcels prepaid at first-class rates, postal cards, official matter, and free county publications (within the county of publication) and matter from postal union countries. (See P. L. & R. § 562.)

2. Other mail-matter, whenever forwarded, must be charged with additional postage at the same rate as if originally mailed at the forwarding office, with the rate noted thereon thus: "Postage due for forwarding,———cents," unless the addressee or some one for him prepay the postage required for forwarding, in which case the necessary stamps will be affixed and canceled. At the office of destination, the matter will be treated as deficient matter, unless the postage for forwarding has been prepaid.

3. Requests to forward given by any other person than the addressee or his lawful agent, or the person in whose care the matter is addressed, will be disregarded; the husband of an addressee will be presumed her agent when she has not directed her mail to be withheld from his control.

4. A general request to forward matter should be observed until revoked.

5. The direction may be changed and matter reforwarded upon request as many times as may be necessary to reach the addressee.

6. Matter entitled thereto should be promptly forwarded in the next mail.

7. Penalty envelopes must not be used to forward letters; but if there be insufficient space to write correction of address, a piece of paper should be attached for the purpose. (P. L. & R. § 562.)

As to forwarding registered matter, see § 37, par. 12, of this Guide.

Sec. 27. *Erroneously Addressed or Delivered Matter, etc., when to be forwarded.*—When any article of mail matter has been erroneously delivered, it may, on being returned to the post office, be forwarded upon due request as if it had not passed from the post office. Any matter proper to be forwarded free, addressed to the care of another, and returned by him redirected, may be forwarded in like manner. Matter which has been opened inadvertently upon misdelivery may be forwarded. As postal cars, mail apartments in cars and steamboats, are designated as post offices, a deposit in such car or apartment, at the post office originally addressed, of unopened letters properly readdressed for forwarding, is permissible; and the

deposit in a letter-box established by the Department is equivalent to a deposit in the post office.

The postmaster will correct and forward to its known destination any matter of the first and second classes which comes to his office, through obvious mistake of the sender in addressing it, but should not guess at the destination, nor forward it on trial. If sure that it can be delivered from the office to which he sends it, he will postmark it and indorse: "DEFICIENCY IN ADDRESS SUPPLIED BY" (name of forwarding office.) (P. L. & R. § 563.)

Letters under Cover to Postmasters.—Postmasters will forward all first-class matter on which one full rate of postage is prepaid which may reach them under cover from any other post office with or without request to mail the same. Before forwarding, they should cancel the stamps and indorse in writing or stamp on such matter the following: "RECEIVED AT ————, UNDER COVER FROM THE POST OFFICE AT————" (P. L. & R. § 564.)

RETURN OF UNCLAIMED MATTER.

SEC. 28. *Request Matter.*—When the writer of any letter on which the postage is prepaid shall indorse upon the outside thereof his name and address, such letter shall not be advertised, but after remaining uncalled for at the office to which it is directed thirty days, or the time the writer may direct, shall be returned to him without additional charge for postage, and if not then delivered shall be treated as a dead letter. (R. S. § 3939; P. L. & R. § 592.)

SEC. 29. *The Time for Return of Request Matter.*—The sender has the right by a subsequent written direction to the postmaster at the office of destination to lengthen or shorten the time originally named on the envelope after which the letter, if not delivered, shall be returned to him, but it must remain for delivery at least three days; and postmasters must obey such written authority, and return as directed, without additional charge for postage. When the addressee has given general direction to hold his letters until called for, and they are not called for within the time limited in the return request, they should be returned to the sender in accordance with the request. (P. L. & R. § 593.)

SEC. 30. *Card and Official Matter.*—Whenever any unclaimed matter of the first class bears the name and address of the sender, as post office box, number and street, etc., without a request that the same be returned if not delivered, such matter is called "Card matter," and must not be advertised, but must be returned to sender at the expiration of thirty days from the date of its arrival at the post office of destination. All such matter originating in Canada or Mexico will be treated as herein directed.

All official matter sent under penalty envelopes or labels, or the frank of Senators or Members of Congress, will be treated as card matter, and if unclaimed, returned to the office of mailing, if known.

A request upon a drop letter for its return to the writer at some other post office, if unclaimed, cannot be respected unless it has been prepaid with one full rate (two cents) of postage.

Unclaimed letters bearing the card of a hotel, a school, college, or other public institution, which has evidently been printed upon the envelopes to serve as a mere advertisement, should not be returned to the place designated in the cards, unless there is also a request therefor, indicating the writer to whom they should be returned.

A letter which has been open inadvertently, or upon a wrong delivery, may be returned to the writer without additional charge, when it contains a card or return request. The postmaster must not open letters to ascertain the writer.

Unclaimed card and request letters, prepaid one full rate, but not wholly prepaid, are to be returned to mailing office for delivery to the writer, who will be required to pay the amount originally due. If payment be refused, the matter will be endorsed REFUSED, and treated as such. (P. L. & R. § 594 and 602.)

SEC. 31. *Postal Cards.*—When the message upon an unclaimed postal card is wholly or partly written, and the name and address of the writer is disclosed, the same shall be returned to writer after thirty days from date of its receipt, with the words "RETURNED TO WRITER" stamped thereon, and his name and address written underneath across the face of the card. If the message be wholly printed, it will be treated as printed matter. (See P. L. & R. § 598.) (P. L. & R. § 595.)

SEC. 32. *Return of Other than First Class and Request Matter.*—All matter, other than first class, may be returned, but is subject to an additional charge for postage for returning the

same. When the sender of matter which would be subject to return postage shall, by indorsement upon the wrapper or otherwise, request its return, postmasters should comply with such request within the time fixed by the sender—if no time is fixed, then at the end of thirty days—first charging such matter, however, with the necessary return postage, and indorse the same "RETURN POSTAGE DUE —— CENTS;" and the postmaster at the office to which such matter is returned must affix thereto postage due stamps sufficient to cover the return postage, and collect the same from the sender before delivering such returned matter. If the sender should refuse to pay return postage, the matter must be disposed of as "REFUSED." If the matter be unclaimed, it will be treated as other unclaimed matter. If postage stamps or money sufficient to pay the return postage be furnished by the sender, the postmaster at the returning office must affix to the matter returned the necessary stamps and cancel them, the same as if the matter had been originally mailed at his office. (P. L. & R. § 596.)

Refused second-class matter returned at the request of the publisher must be rated at the transient or four ounce rate.

RIGHTS OF PUBLIC AS TO MAILING MATTER IN RAILWAY POSTAL CARS, ETC.

SEC. 33. *What may be mailed on cars, etc.*—Every route agent, postal clerk, or other carrier of mail shall receive any mail-matter presented to him, if properly prepaid by stamps, and deliver the same for mailing at the next post office at which he arrives; but no fees shall be allowed him therefor (R. S. 3980; P. L. &. R. 718.) All railway postal cars and mail apartments in cars and steamboats are designated as "railway post offices," for the distribution of mail-matter in transit. (P. L. & R. 903.) The railway postal clerk complies with the provisions of this section by depositing such matter in his mail car.

SEC. 34. *Duty of Postal Clerks.*—Clerks will receive from the public and dispatch the following described mail-matter, but are strictly prohibited from receiving from the public for mailing any matter on which stamps have been canceled:

First-class matter—(letters) on which one full rate has been paid by stamps affixed and postal cards; also soldiers' and sailors' letters unpaid, when duly certified.

Free matter—when enclosed in penalty envelopes or franked by persons authorized to do so by act of Congress.

Letters and postal cards readdressed for forwarding; the destination of these can be changed as many times as may be necessary to reach the person addressed. (See P. L. & R. §§ 562, 563.)

Second-class matter—(newspapers and periodicals from publishers and news agents) when accompanied by a certficate from the postmaster that the postage has been paid.

Newspaper and periodical publications, when sent by other than publishers and news agents, one cent for each *four* ounces or fraction thereof; all matter of the third class, one cent for each two ounces, duly prepaid by stamps affixed.

Fourth-class matter—(all mailable matter not included in the three preceding classes) which has been fully prepaid by postage stamps affixed, at the rate of one cent per ounce or fraction thereof.

NOTE.—None but first-class matter and second-class matter, from one office to another in the country in which it is published, can be forwarded to a new destination without a second payment of postage.

Third and fourth class matter is by law unmailable when not fully prepaid. If clerks know that such matter mailed in their cars is insufficiently prepaid, they should treat it in the same way as other unmailable matter. (P. L. & R. § 978.)

CLOSING AND OPENING OF MAILS.

SEC. 35. *Time of Closing the Mails*--All letters brought to any post office half an hour before the time for the departure of the mail shall be forwarded therein; but at offices where, in the opinion of the Postmaster-General, more time for making up the mail is required, he may prescribe accordingly, not exceeding one hour. (R. S. § 3840.)

Mails at first-class post offices are to be closed not more than one hour, and at all other offices not more than half an hour before the schedule time of departure of trains, unless such departure is between the hours of 9 P.M and 5 A.M., when they can be closed at 9 P. M.

This regulation does not apply to the post office at New York City, and any office may be exempted therefrom by special order, At fourth-class offices the mails should not be closed until it becomes necessary, allowing a reasonable time for delivery at the train or to the carrier on star routes. (P. L. & R. 509.)

SEC. 36. *Opening and Closing at Intermediate Offices on Star Routes.*—Seven minutes are allowed for opening and closing the mails at all intermediate offices on star routes, where no time is specified. Should this time be too short at any post office, the postmaster should apply to the Second Assistant Postmaster-General for an enlargement. On railroad and steamboat routes there is to be no more delay than is necessary to receive and deliver the mails. (P. L. & R. 510.)

THE REGISTRY SYSTEM.

SEC. 37. *Instructions as to Registration, etc.*—1. All valuable matter to be sent by mail should be registered. It will thus receive protection which it is not always possible to give it if sent in the ordinary mails.

2. Every postmaster is obliged to register mail matter that is properly prepared and offered at the post office for registration.

3. All classes of mailable matter, including drop of local letters, may be registered; but not matter addressed to fictitious names, initials, or box numbers simply, or matter bearing vague and indefinite addresses.

4. First-class post offices and their stations must be kept open for the transaction of registry business until 6 P.M.; all other post offices must attend to registration business during ordinary business hours.

5. The cost of registering mail matter is ten cents for registry fee, in addition to postage, both of which must invariably be fully prepaid by stamps affixed to the matter.

6. Beyond what is necessary to guard against the admission of unmailable matter, postmasters are not permitted to make inquiries concerning the contents of letters or parcels sealed and prepaid at letter rates of postage; they should examine parcels of third and fourth-class matter that are to be registered, in order to see that the matter is mailable, and that no other kind of matter is therein concealed.

7. Before receiving matter for registration, postmasters are required to see that the article presented bears the name and address of the sender, that it is fully, legibly, and correctly addressed, and has affixed ordinary postage stamps sufficient to fully prepay both registry fee and postage, and that it is securely enclosed in a sealed envelope, if first-class matter, or if third or fourth-class, that it is endorsed with the name of its class and so wrapped as to safely bear transporation, as well as to admit of easy inspection. All these requirements must be complied with by the sender or person presenting the matter.

8. After acceptance, the postmaster must prepare a proper form of receipt and deliver it to the sender, or person presenting the matter.

9. Registered matter while in the post office is required to be kept in the most secure manner, and no one but the postmaster or his sworn assistants are permitted to have access to it.

10. Registered matter cannot be delivered to any person but the one to whom it is addressed, without a written order from him, which must always be verified; and on such delivery a receipt for the matter delivered must be taken on the delivery book of the postmaster or other postal official and on the return receipt.

11. Cases of lost or missing registered matter should be reported promptly to the Chief Post Office Inspector.

12. Registered matter may be forwarded from one post office to another at the written request of the addressee, and such requests must be promptly complied with. Additional postage is chargeable for forwarding third or fourth class matter, but not for matter prepaid at letter rates. No additional registry fee is chargeable in either case. After a registered letter or parcel has been returned to the mailing office, however, either in compliance with a request indorsed upon it, or because of non-delivery within thirty days, it cannot be redispatched without being registered anew and additional prepayment of both postage and fee.

13. Deficiencies in postage on registered matter must be collected from the addressee by the delivering office, but deficiencies in registry fee must be reported to the Third Assistant Postmaster-General for collection from the mailing postmaster.

14. Undelivered registered matter that has remained in a post office for thirty days, or for such time as the sender has designated in a return request on the matter, is required to be returned to the mailing office for restoration to the sender.

15. A registered letter after dispatch, and before delivery, may be recalled by the sender where the particular circumstances of the case render it proper. The application to do so

should be made through the mailing postmaster at the office of address, either by letter or telegram, as the exigencies of the case may require, at the expense, however, of the sender. The application to the Third Assistant Postmaster-General should state clearly and concisely all the facts and the reason assigned for the recall. If proper, the authority for such recall will then be given.

16. If a return receipt for registered matter addressed to a foreign country be desired by the sender, a demand for the same must be written across the face of the envelope of the registered article.

17. Articles of correspondence addressed under initials, or which bear an address written in pencil, or any matter that is unmailable in the domestic mails, cannot be sent by registered mail to foreign countries, and will not be received for registration. Nor can any article excluded from the ordinary Postal Union mails be admitted in the registered mails for foreign countries.

18. Every person who registers mail matter, and fails to get back promptly a return receipt, should call the attention of the mailing postmaster to the case. If within a reasonable time no satisfactory explanation of the non-return of the receipt is given, the case should be reported to the Chief Post Office Inspector.

19. All correspondence with the Department concerning registration, except as herein above indicated, should be addressed to the Third Assistant Postmaster-General, whose office has general control and superintendence over the Registry System.

THE POSTAL MONEY ORDER SYSTEM.

SEC. 38. *Information as to the Money Order System.*—Offices in *full-face* type in the Alphabetical List at the beginning of this number of the GUIDE are MONEY-ORDER offices. Those with an asterisk (*) prefixed are International as well as Domestic money-order offices. Those with the sign ℔ prefixed are authorized to issue Postal-Notes only.

1. The following instructions are intended to secure payment of the order to the rightful party, and postmasters are required to enforce them rigidly in every respect, so far as a due regard to public convenience will permit. After once paying a money-order, by whomsoever presented, the Post Office Department will not be liable to any further claim therefor. The public are therefore strictly cautioned.

To take all means to prevent the loss of a money-order.

Never to send the order in the same letter with the information required on payment thereof.

To be careful on taking out a money order to state correctly the given name as well as the surname of the person in whose favor it is to be drawn. (See P. L. & R. ℔ 1269.)

To see that the name and address of the person taking out the money-order are correctly made known to the person in whose favor it is drawn.

Neglect of these instructions will risk the loss of money, besides leading to delay and trouble in obtaining payment.

Under no circumstances can payment of an order be demanded on the day of its issue.

2. The fees or charges for domestic money-orders will be as follows:

For orders not exceeding $5	5 cents.
For orders exceeding $5 and not exceeding $10	8 cents.
For orders exceeding $10 and not exceeding $15	10 cents.
For orders exceeding $15 and not exceeding $30	15 cents.
For orders exceeding $30 and not exceeding $40	20 cents.
For orders exceeding $40 and not exceeding $50	25 cents.
For orders exceeding $50 and not exceeding $60	30 cents.
For orders exceeding $60 and not exceeding $70	35 cents.
For orders exceeding $70 and not exceeding $80	40 cents.
For orders exceeding $80 and not exceeding $100	45 cents.

3. The maximum amount of a single order is $100, and no more than three orders may be issued in one day to the same remitter, in favor of the same payee, payable at the same post office. (See P. L. & R. ℔ 1258.)

4. A person applying for a money-order will be required to state the particulars upon a form of application which will be furnished him therefor by the postmaster.

5. Parties procuring money-orders should examine them to see that they are properly filled up and stamped. This caution is necessary to avoid difficulties in the way of payment. (See P. L. & R § 1263.)

6. A money-order may be indorsed once but not oftener. (See P. L. & R. § 1289.)

7. The person who presents a money-order for payment must be identified if unknown to the postmaster. (See P. L. & R. §§ 1290–1297.)

8. A money-order may be repaid at the office of issue within one year, provided it bears not more than one indorsement. The fee will not be refunded. (See P. L. & R. § 1310.)

9. When a money-order has been lost by either remitter, payee, or indorsee, a duplicate thereof will be issued by the Department free of charge, to the owner of the original, upon his making application (stating the circumstances of the loss), to be forwarded by the issuing or the paying postmaster, from each of whom he must obtain and furnish a certificate that the original order had not been, and would not be, paid or repaid, as the case may be.

10. A duplicate order can be drawn only on the issuing or the paying office of the original order, and becomes invalid if it bears more than one indorsement. (See P. L. & R. § 1287.)

11. The issue of money-orders on credit is prohibited under severe penalties. (See P. L & R. § 1257.)

12. A money order may be paid upon a written order, or power of attorney, from the payee, as well as upon his indorsement. The written order, or power of attorney, must be filed with the paying postmaster. (See P. L. & R. § 1304.)

13. A money-order which has not been paid within one year from the date of its issue should be forwarded to the Department with an application for duplicate to be furnished by the issuing or paying postmaster. (See P. L. & R. § 1288.)

Postal Notes.

14. The uniform fee for a postal-note is three cents. (See P. L. & R. § 1401.)

15. A postal-note if issued at a money order office may be repaid at the office of issue within three months from the last day of the month of issue; if issued at a postal-note office it can only be paid at some money-order office. (See P. L. & R. § 1406.)

Duplicate Postal-Notes.

16. If a postal-note be lost or destroyed, *no duplicate thereof can be issued.* This regulation cannot be departed from in any case whatever, for the reason that every postal-note is payable to *bearer*, and that no specified person can therefore satisfactorily establish the fact of his ownership in a lost note, which *if found at any time*, would be payable *to the bearer.* (See P. L. & R. § 1420.)

17. If a postal-note be not paid within three months from the last day of the month of issue, it will become invalid and not payable, and the holder, to obtain the amount thereof, less an additional fee of three cents (which must be charged by law), must deliver the note to the postmaster at some money-order office, and sign an application for a duplicate, payable to him by such postmaster, to be issued by the Superintendent of the Money-Order System, Post Office Department, Washington, D. C.

International Money-Orders.

18. There are now in operation postal conventions for the exchange of money-orders between the United States and the following countries, viz.: Switzerland, Great Britain and Ireland, Germany, France, Italy, Canada and Newfoundland, Jamaica, New South Wales, Victoria, New Zealand, Queensland, the Cape Colony, the Windward Islands, the Leeward Islands, Belgium, Portugal, Tasmania, the Hawaiian Kingdom, Sweden, Japan, Norway, Denmark and the Netherlands.

19. Upon receiving an international money-order, properly filled out, from the issuing postmaster, the remitter must send it, at his own cost, to the payee if the latter reside in:

Canada.	Queensland.
Great Britain and Ireland	Cape Colony.

France and Algeria.
New Zealand.
New South Wales.
Victoria.
Tasmania.
Hawaii.
Jamaica.
Windward Islands.
Leeward Islands.
Constantinople.

20. But the order should be retained by the remitter if the intended beneficiary live in any of the following named countries:

Germany.
Switzerland (or Austro-Hungary).
Italy.
Belgium.
Portugal.
Sweden.
Norway.
Denmark.
Netherlands.
British India.
Egypt.
Japan.
Hong-Kong (China).

In which case it is of no value except as evidence of the deposit by him of the sum therein mentioned, and he should be advised that another and different form of order will be forwarded to the payee by the exchange office in the country of payment. (See P. L. & R. § 1340.)

21. The following are the monetary values of the standard coins of the above mentioned countries, respectively, as fixed by authority of the conventions between the United States and each of those countries for the exchange of money-orders, viz.: One pound sterling, the money of Great Britain, Jamaica, New South Wales, Victoria, New Zealand, Tasmania, Queensland, the Cape Colony, the Windward Islands, and the Leeward Islands, (£1), is equal in value to $4.87 in gold; one German mark is equal to 24$\frac{1}{4}$ cents gold; one French, Swiss, or Belgian franc, or one Italian lira, is equal to 19$\frac{3}{4}$ cents gold; one Portuguese milreis is equal to $1.10 gold; three crowns seventy-three ore, Swedish, Danish or Norwegian money, are equal to $1 gold, or one crown is about equal to 26 8-10 cents; and one florin Netherlands money is equivalent to 41 cents gold. There is no fixed valuation of Japanese money for money-order purposes. The amounts are converted into their proper equivalents by the Japanese Department on the day of the issue of the orders in Japan and on the day of the arrival of the exchange lists from the United States. The money of Canada, as well as the money of the Hawaiian Kingdom, is similar to that of the United States in denomination and value. (See P. L. & R. § 1327.)

22. In pursuance of an agreement made with the German Postal Department, postmasters at international money-order offices in the United States are authorized to issue money-orders payable, through that Postal Department, in Luxemburg. Money-Orders payable in that country are to be issued, in German money, on the same form now used for German orders, and in the same manner, and the fees exacted from the remitters will be the same as are now paid for German orders.

The remitter should be notified in every instance that the following deductions will be made by the German Postal Department from the amounts of money-orders received from the United States, payable in Luxemburg, to wit:

From each money-order ten pfennigs are deducted for sums not exceeding one hundred marks; fifteen pfennigs for sums over one hundred and not exceeding two hundred marks; twenty pfennigs for sums over two hundred marks.

The amount of each order, after the proper deduction has been made as above specified, will be transmitted to the payee by the German Postal Department. (See P. L. & R. § 1323.)

23. Orders intended for beneficiaries residing in the Austro-Hungarian monarchy may be conveniently drawn on Switzerland for payment in the former country. (See P. L. & R. § 1324.)

In like manner, money-order business with British India is transacted through the intermediate agency of the International Money-Order System with the United Kingdom of Great Britain and Ireland. (See P. L. & R. §§ 1322-1325.)

24. When international money-orders are sent to an international money-order office, with directions to forward the money for the same, the payee residing at a place where there is no money-order office, the postmaster at such international money-order office should inclose the amount in a penalty envelope (duly registered), to the party entitled to receive the same, without charging the usual registry fee. (See P. L. & R. § 1348.)

The maximum amount of an international money-order has *not* been increased. Only Domestic orders may be drawn for sums exceeding $50 up to $100. Postmasters at international money-order offices must carefully observe this distinction.

RATES OF COMMISSION OR FEES CHARGED FOR THE ISSUE OF ALL INTERNATIONAL MONEY-ORDERS. (See P. L. & R. § 1328.)

For sums not exceeding $10	10 cents.
Over $10 and not exceeding $20	20 cents.
Over $20 and not exceeding $30	30 cents.
Over $30 and not exceeding $40	40 cents.
Over $40 and not exceeding $50	50 cents.

AMENDMENTS

TO THE POSTAL LAWS AND REGULATIONS, EDITION OF 1887.

To SECS. **356, 357, 367, 371, 372, 375.** *Relating to Permissible Marks on Other than First-Class Matter.* (Order of Postmaster-General, No. 17, January 26, 1888.)

In order to conform to the provisions of an Act approved January 20, 1888, entitled "An Act relating to permissible marks, printing or writing, upon second, third and fourth class matter, and to amend the twenty-second and twenty-third sections of an Act entitled 'An Act making appropriations for the service of the Post Office Department, for the fiscal year ending June thirtieth, eighteen hundred and eighty, and for other purposes'" (said Act being the Act of March 3, 1879), the following numbered sections of the Postal Laws and Regulations of 1887 are hereby so amended as to read as follows, to wit:

SEC. 356. *Permissible Marks or Writing on Second-Class Matter.* That mailable matter of the second-class shall contain no writing, print, or sign thereon or therein in addition to the original print, except as herein provided, to wit: The name and address of the person to whom the matter shall be sent, index figures of subscription-book either printed or written, the printed title of the publication and the place of its publication, the printed or written name and address without addition of advertisement of the publisher or sender, or both, and written or printed words or figures, or both, indicating the date on which the subscription to such matter will end, the correction of any typographical error, a mark except by written or printed words to designate a word or passage to which it is desired to call attention; the words "sample copy" when the matter is sent as such, the words "marked copy" when the matter contains a marked item or article, and publishers or news agents may indorse in their publication bills, receipts, and orders for subscriptions thereto, but the same shall be in such form as to convey no other information than the name, place of publication, subscription price of the publication to which they refer and the subscription due thereon. (Act of January 20, 1888.)

1. When matter mailable at second-class rates is prepaid at the third-class rate, it shall be deemed third-class matter and entitled to all the permissible printing or writing authorized for matter of the third-class.

2. The number of copies enclosed may be indicated upon the wrapper or face of the package.

SEC. 357. *Forms of Bills, Receipts and Orders accompanying Second-Class Matter.* Bills or receipts printed in substantially the following form are admissible under the preceding section:

NEW YORK, ——— ——, 188—.

Office of ——— ———.

The ——— Weekly,

37 Park Row. P. O. box 4295.

——— ——— to the ——— Weekly, Dr.

——— ———, subscription, in advance.

Received payment for the ——— Weekly from ——— to ———.

See section 338, paragraph 10.

A bill may include the names of more than one publication, and their terms of subscription, provided they are all published by the same individual or company, or sent by the same news agent, and may include any period of subscription or any number of shipments to a news agent.

Orders for subscription may indicate the term or period for which subscription is ordered. The written or printed words or figures, or both to indicate when the subscription will end, may be placed upon the matter itself, upon the wrapper or upon the bills, receipts or orders which may be enclosed therewith.

SEC. 367. *Permissible Additions to Third-Class Matter.*—Upon matter of the third class, or upon the wrapper or envelope enclosing the same, or the tag or label attached thereto, the sender may write his own name, occupation, and residence or business address, preceded by the word "from," and may make marks other than by written or printed words to call attention to any word or passage in the text, and may correct any typographical errors. There may be placed upon the blank leaves or cover of any book, or printed matter of the third class, a simple manuscript dedication or inscription not of the nature of a personal correspondence. Upon the wrapper or envelope of third-class matter or the tag or label attached thereto may be printed any matter mailable as third-class, but there must be left on the address side a space sufficient for a legible address and necessary stamps. (Act of January 20, 1888.)

SEC. 371. *Permissible Writing or Printing upon or with Fourth-Class Matter.* With a package of fourth-class matter prepaid at the proper rate for that class, the sender may inclose any mailable third-class matter, and may write upon the wrapper or cover thereof, or tag or label accompanying the same, his name, occupation, residence or business address, preceded by the word "from," and any marks, numbers, names or letters for purpose of description, or may print thereon the same, and any printed matter not in the nature of a personal correspondence, but there must be left on the address side or face of the package a space sufficient for a legible address and necessary stamps. (Act of January 20, 1888.)

The tag or label, with the printing or writing authorized thereon, may be attached to the whole package, or separate tags or labels, bearing the same, may be attached to each of one or more articles contained in the package.

SEC. 371 a. *What Directions deemed Part of Address.* In all cases directions for transit, delivery, forwarding, or return, shall be deemed part of the address; and the Postmaster General shall prescribe suitable regulations for carrying this section (sections 356, 367, and 371 of these Regulations) into effect. (Act of January 20, 1888.)

SEC. 372. *Regulations as to Second, Third and Fourth Class Matter.*

1. The space to be left on the address side should be sufficient for a legible address and for all directions permissible thereon, for postmarking, rating, and any words necessary for forwarding or return.

2. Watermarks or printing in light tints, not rendering the reading of the address difficult, will not be deemed an infringement upon the address space.

3. Postmasters will carefully examine packages before mailing, to ascertain that no matter chargeable as of the first class is included, and that the requirements of the foregoing statute are complied with.

4. Postmasters at the offices of address are required to examine such packages and rate up the same at first-class rates whenever the statute has been violated, and collect such postage on delivery. If the addressee feel aggrieved, he may deposit the extra postage with the postmaster, who shall give receipt therefor, and send to the Third Assistant Postmaster General a statement of the case and the reason of the charge. The postmaster will forward the statement in a penalty envelope, and will accompany it with any explanation necessary to an understanding of the case; and if, upon investigation, it appears that the violation of the law was unintentional and unimportant in character, the postmaster will be directed to refund the deposit.

5. The postmaster will report to the Sixth Auditor all cases in which the penalty has been incurred, under section three hundred and seventy-five, giving the name of the sender, if known, addressee, office, and date of mailing, and a description of the package and of the matter inclosed or concealed therein, and a statement of the disposition made thereof. When not delivered to addressee on payment of first-class rates, the package will be retained by the postmaster to be used as evidence, and he should be able to establish its identity. If the

penalty is voluntarily paid, it will be disposed of as prescribed by section three hundred and six.

SEC. 375. *Penalty for Evasion of Payment of Postage, etc.* That matter of the second, third, or fourth class, containing any writing or printing in addition to the original matter other than as authorized in the preceding section, shall not be admitted to the mails, nor delivered, except upon payment of postage for matter of the first class, deducting therefrom any amount which may have been prepaid by stamps affixed, unless by direction of the Postmaster-General such postage shall be remitted; and any person who shall knowingly conceal or inclose any matter of a higher class in that of a lower class, and deposit or cause the same to be deposited for conveyance by mail, at a less rate than would be charged for both such higher and lower class matter, shall for every such offence be liable to a penalty of ten dollars. (Act of January 20, 1888.)

To SEC. **419.** *Bulletins of the Agricultural Experiment Stations, how Franked.* (Order of Postmaster-General No. 22, January 28, 1888.)

Paragraph 3 of Section 419, of the Postal Laws and Regulations of 1887, is hereby so amended as to read as follows:

3. Only such bulletins or reports as shall have been issued after the station became entitled to the benefits of the act can be so transmitted free; and they must be so enclosed in unsealed envelopes, or so wrapped to admit of easy and thorough examination. On the exterior of the envelope or wrapper must be written or printed the name of the station and the place of its location, the designation of the enclosed bulletin or report, and the word "FREE" over the signature of the officer in charge of the station, to be written by himself or by some one duly deputed by him for that purpose. If any other matter, printed or written, be added, the whole will be unmailable free.

To SEC. **553.** *Relating to Back-Stamping of Letters.* (Order of Postmaster-General, No. 62, March 20, 1888.)

That Section 553 of the Postal Laws and Regulations of 1887 be and the same is hereby amended to read as follows:

SECTION 553. *Back-stamping.*—Every postmaster, the gross receipts of whose office amount to $500 per annum, and every postmaster of a distributing office, upon receipt of the mail, will immediately place the postmark of his office on the back of every letter therein received, showing the date and hour of the day when the letter was received; and every postmaster whose office is not a distributing office, and the gross receipts of which are less than $500 per annum, will immediately upon receipt of the mail, back-stamp the month, the day of month, and the year upon the back of every letter therein received, using the postmarking stamp for that purpose. The value and importance of this practice are so great that failure to observe this rule, if continuous or repeated after notice, will be ground for removal from office.

But the above order is not intended to cover direct packages and those made up for railway post office lines, in transit, which may be pouched and connected through post offices. (Notice of April 27, 1888.)

To SECS. **273, 274, 275, 486, 189, 196.** *Relating to Losses of Stamps, Stamped Paper, Postal or Money Order Funds by Fire, Burglary, in transit, or by unavoidable casualty.* (Order of Postmaster General, No. 114, May 25, 1888.)

In order that the Postal Laws and Regulations may conform to the act of Congress approved May 9, 1888, the following sections are amended so as to read as follows:

SEC. 273. *Allowance Authorized.*—That the act entitled "An act authorizing the Postmaster General to adjust certain claims of postmasters for loss by burglary, fire or other unavoidable casualty," approved March seventeenth, eighteeen hundred and eighty-two, be and the same is hereby amended so as to read as follows:

That the Postmaster General be, and he is hereby, authorized to investigate all claims of postmasters for the loss of money-order funds, postal funds, postage stamps, stamped envelopes, newspaper wrappers and postal cards belonging to the United States, in the hands of such postmasters, resulting from burglary, fire or other unavoidable casualty, and if he shall determine that such loss resulted from no fault or negligence on the part of such postmasters, to pay such postmasters, or credit them with the amount so ascertained to have been lost or destroyed, and also to credit postmasters with the amount of any remittance of money-order funds or postal funds made by them in compliance with the instructions of the Postmaster

General, which shall have been lost or stolen while in transit by mail from the office of the remitting postmaster to the office designated as his depository, or after arrival at such depository office and before the postmaster at such depository office has become responsible therefor; Provided, That no claim exceeding the sum of two thousand dollars shall be paid or credited until after the facts shall have been ascertained by the Postmaster General and reported to Congress, together with his recommendation thereon, and an appropriation made therefor. And provided further, That this act shall not embrace any claim for losses as aforesaid which accrued more than fifteen years prior to March seventeenth, eighteen hundred and eighty-two; and all such claims must be presented to the Postmaster General within six months from such latter date, except claims for postal funds, which may be received, considered and allowed if presented within six months after the passage of this act, in cases where the postmaster had, at or about the time of the loss, made report thereof to the Postoffice Department, or to an inspector or special agent of the department; and no claim for losses which may hereafter accrue shall be allowed unless presented within six months from the time the loss occurred. [Act of May 9, 1888, § 1.]

That it is hereby made the duty of the Postmaster-General to report his action herein to Congress annually, with his reasons therefor in each particular case. [Id. § 2.]

SEC. 274. *Claims and Proofs, how Presented.*—A postmaster, or late postmaster, in presenting claims for credit or re-imbursement for losses resulting from burglary, fire or other unavoidable casualty, must make an application to the Postmaster-General, plainly and legibly written, signed and sworn to, and setting forth:

1. The name of the postmaster and of the post office, county and State at which the loss occurred, the cause and nature of the loss, the date thereof, and, if known, the hour.

2. When the loss is of stamped paper, the amount of ordinary postage stamps, postage due stamps, special delivery stamps, newspaper and periodical stamps, and postal cards, stated at their face value, and of stamped envelopes and newspaper wrappers, stated at the prices fixed therefor, which were in the postmaster's possession immediately before the casualty; the amount of such stamped paper lost or destroyed, stated at the same value and price; the amount of credit claimed therefor, and the amount of each of the kinds, separately stated, saved or actually in the postmaster's possession immediately after the occurrence of the loss.

3. If the loss included any money-order funds, a statement of the amount on hand immediately before the casualty, the amount actually lost or destroyed thereby, and the amount recovered or remaining in the possession of the postmaster thereafter.

4. If the loss of postal funds is claimed, a statement showing the amount on hand immediately before the loss occurred, the sources from which such amount was received, the amount saved or recovered, and the amount claimed.

5. A general statement of the fact and amount of loss, if any, of individual property, resulting from the same casualty.

6. If the loss resulted from fire, its origin or cause should be stated; also whether the building belonged to the postmaster, whether it was insured, and for what amount; whether the insurance has been paid, and, if not, the reason.

7. If the loss resulted from burglary, a statement showing the manner of its perpetration, and whether any one has been arrested, prosecuted or convicted of the offense.

8. If the loss occurred through other unavoidable casualty, such as storm, flood or explosion, a full statement of the facts and circumstances.

9. In all cases a statement of the manner in which the property lost or destroyed was kept, and the care or precaution taken to guard it from loss, and any other facts tending to show that the loss resulted from no fault or negligence of the claimant, or those whom he had placed in charge of the office.

10. If the claim is for money-order funds lost in transit, a statement showing whether the remittance was made in due time, as required by section one thousand, three hundred and seventy-seven; that in making the same all the requirements of section one thousand, three hundred and ninety-five were fully complied with, as it is only when the remittance was made in strict compliance with such instructions that credit or reimbursement for its loss can be allowed. In support of this statement the affidavit of the witness or witnesses to the enclosure and dispatch of the remittance must be furnished, fully detailing the transaction and showing that the remittance was made in full compliance with the requirements of such regulation.

11. If the loss or destruction for which claim is made consisted of or embraced money-order funds in the postmaster's hands, the statement should show that they were properly on hand, and were not surplus funds retained in violation of the requirements of section one thousand, three hundred and seventy-seven, and that they were kept separate from and not mixed with postal funds.

12. If credit is claimed for the loss of postal funds in transit to the office designated as the depository of the claimant, it must be shown from what sources such funds were received, and that they were remitted in strict compliance with the regulations or instructions in force at the time. It should also be shown whether postal balances had previously been remitted promptly at the times and in the manner required.

The sworn statement of the claimant should be accompanied by the affidavits of at least two disinterested witnesses having knowledge of the facts, who should fully state only such facts corroborating the claim as are within their personal knowledge.

Claims for money-order funds, stamps and stamped paper can only be allowed under the following conditions: In cases of loss occurring previous to March 17, 1882, if presented within six months from that date; when the loss occurred after March 17, 1882, and prior to May 9, 1888, if presented within three months from the date of the loss; and in cases occurring after May 9, 1888, within six months from the date of loss.

SEC. 275. *Claims for Postal Funds*—Lost at any time subsequent to March 17, 1867, and prior to May 9, 1888, will be allowed under the conditions mentioned in section 273, if presented within six months from the date last mentioned. For losses hereafter occurring, claims must be presented within six months from the date of loss.

SEC. 486. *Care of the Public Property.*—Postmasters are required to exercise due care in preserving and in the use of the public property committed to their charge. In case of loss or destruction of stamped paper, postal funds, money-order funds, or other property, by fire, burglary, or other unavoidable casualty, they will not receive credit for the loss if it appears that the loss resulted from their fault or negligence in not exercising such reasonable precaution and care as the circumstances required. When any postmarking, cancelling or rating stamps or pads, become unfit for use, and cannot be repaired by the postmaster, he should return them to the Department, and make entry thereof on his record.

SEC. 189. *Entire Balance to be Deposited.*—Deposits must embrace the entire amount of postal funds due the Government at the prescribed period. Want of funds is no excuse for any failure, because the postmaster is not permitted to give credit on sales, or for box-rents, and is forbidden any use of postal funds, but must keep them constantly on hand. Short deposits will not be excused for the want of "change," because, coins, silver and nickel, can be transmitted in registered letters; nor will it be accepted as an excuse that the postmaster does not know the exact amount of his indebtedness, nor that he is waiting on the Auditor for a statement of his account. He must in every case deposit a sum sufficient to cover the balance due, and, if there be any excess, it will be credited on his account for the next quarter, and he may make the claim in his letter of transmittal.

Postmasters who have suffered losses of postal funds, stamps, stamped envelopes, newspaper wrappers or postal cards, by reason of fire, burglary, or other unavoidable casuality, and who have made regular claims for credit or reimbursement, will not be required to immediately deposit the value of the articles so lost. Any balance standing against a postmaster on account of such a loss may remain outstanding until his claim shall be determined. Whatever balance may then appear due, after deducting such credit as the Department may give, must be at once deposited.

On receipt of a statement from the Auditor disallowing items or correcting errors in his account and requiring a deposit of the balance shown by the statement, deposit must be promptly made as above required.

SEC. 196. *Deposits, how Made.*—Deposits are properly made in United States coin, treasury notes or national bank notes. Neither postage stamps no foreign coins or notes, nor mutilated coins or paper, nor bank checks, are depositable. Although not forbidden, yet if the postmaster remit by bank draft it will be at his own risk of loss, and subject to deduction of the expense of collection by the depositary. To reduce bulk, notes of high denominations should be transmitted; and the remitter should keep an exact record of their series, denominations and dates, and of the denominations and dates of pieces of coin.

To SEC. **413.** *Relating to Franking Privilege.* (Order of Postmaster-General, No. 115, May 25, 1888.)

Section four hundred and thirteen (413) of the Postal Laws and Regulations of 1887 is hereby so amended to read as follows:

SEC. 413. *Regulations of Franking Privilege.*

1. No matter can be transmitted under the franking privilege unless admissible to the mails under the provisions of Chapter eleven.

2. Public documents printed by order of Congress, including complete numbers or series of the Congressional Record, with the name of a Senator, Representative, Delegate, or the Secretary of the Senate or Clerk of the House written thereon as the addressee, or written thereon for the purpose of franking the same, shall be transmitted free in the mails, according to the provisions of section four hundred and nine.

3. Upon the wrapper or cover enclosing part of the Congressional Record, or speeches or reports therein contained, transmitted under the provisions of section four hundred and ten, the character of the matter must be indicated by written or printed words, or the word "free" must be written or printed over the signature of the Senator, member or delegate franking the same.

4. Upon matter franked under the provisions of section four hundred and nine, the name of the person franking the same may be written by himself or any one duly deputed by him for the purpose.

5. Upon extracts from or speeches or reports contained in the Congressional Records, transmitted under the provisions of section four hundred and ten, the frank of the Senator, member or delegate must be written by himself, as required by statute. When the name of such member is written by himself with a fac-simile hand-stamp, the signature will be deemed written by the person entitled to frank the same; but should the postmaster know or have good reason to believe, that the frank of any Senator, member or delegate is being unlawfully written, stamped or printed on such extracts, speeches or reports taken from the Congressional Record, or upon any matter, he will notify the Senator, member or delegate whose name is supposed to be unlawfully used; and also report to the Third Assistant Postmaster-General the facts relating to such supposed unlawful use. But the matter will not be withheld upon mere suspicion that the frank is unlawfully used until so directed by the Department.

6. Translations of extracts from, or speeches or reports taken from the Congressional Record, into other than the English language, may be sent free under the provisions of section four hundred and ten.

7. A senator, member or delegate who holds his certificate of election is entitled to the franking privilege from the commencement of the term.

8. All franked matter may be forwarded like any other; but such matter when once delivered to the addressee, cannot be re-mailed unless properly franked again.

9. A bulk package of franked articles may be sent to one addressee, who, on receiving and opening the package, may place address on the franked articles, and remail them for carriage and delivery to the respective addresses.

10. Seeds sent from the Department of Agriculture may be sent under the proper penalty label, or in official envelopes of that department. When transmitted by a Senator, Member or Delegate they may be sent under the official label or official envelope of the Department of Agriculture, or under the frank of the sender, thus, "Seeds," "Free," or merely the word "Free" followed by the name and official designation of the sender.

To SEC. **329.** *Regularity of Issue.* (Order of P. M. G., No. 210, Dec. 5, 1888.)

That Section three hundred and twenty-nine of the Postal Laws and Regulations be, and the same is hereby so amended as to read as follows:

SEC. 329. *Regularity of Issue.*—The regular periods of issue must be within the statute, and should be shown by the publication itself; but no regularly admitted publication shall be excluded by reason of the omission to state such period in a particular issue. Unbound back numbers may be mailed at the pound rate, so long as the publication continues to be published as second-class matter. POST OFFICE DEPARTMENT,
WASHINGTON, D. C., Dec. 18, 1888.

Orders No. 216.
To Secs. 352, 342, 338, 518, 366, 595, 594*a*.
ORDERED:

That the following sections of the Postal Laws and Regulations be, and the same are hereby so amended as to read as follows:

SEC. **352.** *Rate at Free-Delivery Offices.*—Provided, That the rate of postage on newspapers (excepting weeklies), and periodicals not exceeding two ounces in weight, when the same are deposited in a letter-carrier office for delivery by its carriers, shall be uniform at one cent each; periodicals weighing more than two ounces shall be subject, when delivered by such carriers, to a postage of two cents each, and these rates shall be prepaid by stamps affixed. (Act of March 3, 1879, § 25, 20 Stats., 361.)

Weekly newspapers deposited for local delivery by carriers at a free delivery office, or sent by mail to a letter-carrier's office, whether in or out of the county of publication, must be postage paid at the pound rate. (See Sec. 421.)

Newspapers, other than weeklies, deposited for delivery under the above statute (Sec. 352) are to be prepaid at one cent each without regard to weight.

Periodicals not exceeding two ounces in weight are to pe prepaid at one cent each; exceeding two ounces, two cents.

NOTE.—A "newspaper" is defined to be a publication issued at stated intervals of not longer than one week for the dissemmination of current news, whether it be of general or special character, and having the characteristics of second-class matter prescribed by statute. A "periodical" is a publication not embraced within the above definition of a newspaper, issued at stated intervals as frequently as four times a year, and having the characteristics of second-class matter prescribed by statute.

Postmasters at free delivery offices must be watchful to prevent admission to the mails of second class matter (other than weeklies) addressed for local delivery by their carriers, without prepayment at the rate provided in this section.

SEC. **342.** *Regulations for Admission of Foreign Publications.*—Agents of foreign publications may obtain admission thereof to the mails at the pound rate, at the office at which they desire to mail them within the United States, by making application to the postmaster and submitting therewith two copies of the newspaper or periodical and satisfactory evidence of such admissibility; and he will, if satisfied that the publication is entitled thereto, grant a temporary permit, and report the case with the evidence to the Third Assistant Postmaster-General. All such publications must possess the same statutory characteristics as are required in the case of domestic publications (See Sec. 328) in order to entitle them to admission at the pound rate, and are to be allowed all the privileges and be subject to all the restrictions provided by the regulations applying to second class matter. The evidence must show that the publication violates no copyright granted by the United States. Upon approval, the Department will authorize the postmaster to give a certificate of entry, as prescribed in section three hundred and thirty-four.

SEC. **338.** *Rules for Determining Character of Supplements.*—In determining whether supplements, though folded for mailing with regular issues, are within the statuory definition, the following rules may be employed when applicable, namely:

1. A publication entirely distinct from and independent of the regular issue, but complete in itself, and in nowise connected with or germane to the regular issue, cannot be adopted as a supplement.

2. "Posters," "show-bills," or special advertisements, designed to be posted up, cannot be adopted as supplements.

3. Advertisements, such as appear in the columns of the regular issue, and are charged for at the same rate, but which, in consequence of want of space or for greater convenience of arrangement, are desired to be published in a separate sheet or enlarged edition, are proper supplemental matter, as are also advertisements advertising the business of the publications which they accompany, provided there is compliance with the regulations in other respects.

4. It is not required that the supplement sheets be printed at the office of publication of the regular issue, but, if printed there or elsewhere, they must be printed with the purpose

of being used as supplements to such publications, and not for another distinct and separate use.

5. A supplement consisting entirely of literary matter is proper; but matter printed elsewhere than at the office of publication, to be used as supplements to various newspapers for the purpose of securing circulation to some advertisement of private business therein, does not come within the statuory definition of a supplement, and cannot be adopted as such, even though it be printed therein that it is a supplement to the regnlar publication.

6. Publications of statutes, ordinances, proceedings of public or deliberative assemblies, boards, or conventions, advertisements of tax sales, or other notices or advertisements required by law to be published, whether gratuitously or for compensation, are proper supplemental matter.

7. Supplements must, as the law requires, be folded with the regular issues. If mailed separately they must be prepaid as third-class matter.

8. Supplements must in all cases bear the name of the paper with which they are folded.

9. Maps, diagrams, or illustrations, which are referred to in the publication, or form a necessary part thereof, are admissible without the word "supplement."

SEC. **518.** *Mail Matter Other than Second Class to be Postmarked.*—All mail matter, except that of the second class, deposited in any post-office for mailing, must bear a postmark giving name of post-office, name or abbreviation of the State, or name of railway post-office, and, on first-class matter, the date of the deposit. All classes of correspondence addressed to foreign countries must be impressed at the mailing office with a stamp indicating the office of origin and date of posting. No offices are exempt from the requirements of this section.

The Department furnishes metal postmarking stamps. The use of rubber stamps is not authorized, as the ink furnished by the Department cannot be used with them.

The wilful impression on any mail matter of a postmark bearing any other date than that on which such matter is deposited, whether for purpose of fraud or deception, or to conceal a delay or detention of mail matter or any other official error or delinquency, will in all cases subject the offender to dismissal from the service.

5. Paintings in oil or water colors, and drawings, maps, plans and charts, produced by hand with brush, pencil, crayon, or pen, are fourth class matter, except when bearing writing other than that permissible by Sec. 371, as amended (see Sec. 367, p. 755 of this Guide) in which case they are first class matter.

10. After delivery of a letter or other article of mail matter has been made in accordance with these rules, it passes beyond the control of the post-office and the responsibility of the postal officials.

SEC. **366.** A package of third-class matter may contain any number of articles of that class, including binding, mounting or covering, or portions thereof, loose or attached, of the book inclosed; the rollers on which maps are mounted.

SEC. **595.** *Postal cards.*—When a message upon an unclaimed postal card is wholly or partly written, and the name and address of the writer is disclosed, the same shall be returned to the writer after thirty days from date of its receipt, with the words "RETURN TO WRITER," stamped thereon, and his name and address written underneath across the face of the card. If the message be wholly printed, it will be treated as printed matter. (See section 598.)

The provisions of this section shall not apply to letter-carrier post offices.

SEC. **554.** *Postmasters to Search for and Rate Up.*—Postmasters at the office of delivery may remove the wrappers and envelopes from mail matter not charged with letter postage, when it can be done without destroying them, for the purpose of ascertaining whether there is upon or connected with any such matter anything which would authorize or require the charge of a higher rate of postage thereon. R. S., § 3882.)

On opening the mail the postmaster will look over the letters and packages to ascertain whether the postage thereon has been sufficiently prepaid, and will rate up the amount found to be due on all matter, not free, dispatched inadvertently without any prepayment, at double its proper rate (sections 320, 558); and on all first-class matter prepaid at one full rate, but not fully prepaid, and on all other partially but insufficiently prepaid matter, at full rates, according to its class and weight, and note in writing or stamp the amount due on each letter or parcel.

He will also carefully examine the addresses of all mail matter received, and select therefrom any that may be found directed to other post-offices of the same name in other states, or which have in any manner been missent to his office for delivery, and will at once plainly stamp or mark such matter with the words "MISSENT," also with the postmark of his office, and forward it by next mail to destination.

The following regulation is adopted to be designated sec. **594** *a.*

SEC. **594** *a. Care in Treatment of Request, Card and Official Matter.*—All request, card or official matter of any class returned to sender must bear on its face the reason for such return —such as "REFUSED," "REMOVED," "PRESENT ADDRESS UNKNOWN," "DECEASED," "UNCLAIMED," "CANNOT BE FOUND," etc., etc., and must also, in every instance, bear the post mark of the office from which it is returned. No article of undeliverable matter must be detained at the office to which it is addressed for a longer time than that named in the return-request.

To SEC. **370.** *Admission of Liquids to Mails.*—Paragraph 4 of Section 370 of postal laws and regulations is hereby so amended as to read as follows:

4. Admissible liquids and oils (not exceeding 4 ounces liquid measure), pastes, salves, or articles easily liquefiable, must conform to the following conditions: When in glass bottles or vials, such bottles or vials must be strong enough to stand the shock of handling in the mails, and must be inclosed in a wooden or papier-maché block or tube not less than three-sixteenths of an inch thick in the thinnest part, strong enough to suppors the weight of mails piled in bags and resist rough handling; and there must be provided between the bottle and its wooden case, a cushion of cork crumbs, cotton, felt, asbestos, or other like substance, sufficient to protect the glass from shock in handling; the block or tube to be impervious to liquid, including oils and to be closed by a tightly fitting screw-lid of wood or metal, with a rubber or other pad so adjusted as to prevent the leakage of the contents in case of breaking the glass. When inclosed in a tin cylinder, metal case or tube, such cylinder, case or tube should have a screw-lid with a rubber or cork cushion inside in order to make the same water-tight, and should be securely fastened in a wooden or papier-maché block (open only at one end) and not less in thickness and strength than above described. Manufacturers or dealers, intending to transmit articles or samples in considerable quantities, should submit a sample package, showing their mode of packing, to the postmaster at the mailing office, who will see that the conditions of this section are carefully observed.

Order No. 215.

ORDERED:

That Article 5 of Sec. 7 of the Postal Laws and Regulations of 1887, be amended by adding the following proviso at the close of the first paragraph of said article:

Provided, That all correspondence with foreign offices relating to the foreign registry system shall be conducted through the office of the Superintendent of Foreign Mails. And it is further ordered that Article 7, Sec. 7, of the said Postal Laws and Regulations be modified in accordance with the foregoing amendment. (Order of P. M. G., Dec. 18 1888.)

GENERAL REGULATIONS AND SUGGESTIONS RESPECTING FOREIGN MAILS.

1. Correspondence from the United States for foreign countries and places other than Canada, New South Wales, New Zealand, Queensland, Victoria, Tasmania and the countries of the Universal Postal Union, if forwarded in *direct mails* by vessels regularly employed in carrying the mails, and not through the intermediary of a country having postal relations with the United States by treaty or other arrangements, is subject to the rates of postage given in the Foreign Postal Table herein, opposite "Australia, except New S. Wales, etc., *via* San Francisco." Ordinary (unregistered) letters, newspapers, pamphlets, periodicals, books and other printed matter, may be sent, in these cases, under the regulations and conditions applicable to the same correspondence in the domestic mails. Full prepayment of postage is compulsory for all correspondence sent, and the rates chargeable on matter sent are collectible upon delivery of matter received. (See Sec. 390, pp. 166, P. L. & R., 1887.)

2. For the correspondence exchangeable with the countries excepted above, see the Foreign Postage Table herein, and Notes therein referred to, and following said Table.

3. The limit of weight for a single rate of postage on letters for *Canada and Mexico* is one ounce. On letters for other foreign countries the limit of weight for a single rate remains at a half ounce, as heretofore.

4. Letters conveyed in vessels not regularly employed in carrying the mails (commonly called "ship letters") are subject to double rates of domestic postage (now 4 cents per ounce) on delivery.

5. Postage can be prepaid upon articles, only by means of postage stamps of the country in which the articles *are mailed*. Hence, articles mailed in one country addressed to another country, which bear postage stamps of the country to which they *are addressed*, are treated as if they had no postage stamps attached to them

6. Mail matter enclosed in penalty envelopes, and therefore entitled to pass free of postage in domestic mails, when sent to or received from ports of foreign countries, between which and the United States there have been no postal treaties or conventions, in mails conveyed by vessels employed by this Government, is exempt from domestic postage charges, and should pass free of postage to addressees.

7. Official mail matter relating exclusively to the business of the Government of the United States, sent by officers of the executive departments at Washington to private parties in the Dominion of Canada, the Republic of Mexico, or the Hawaiian Kingdom may be inclosed in the departmental penalty envelopes authorized by P. L. & R. § 415.

8. Matter to be sent in the mails at less than letter rates of postage must be so wrapped that it can be readily examined at the office of delivery, as well as at the mailing office, without destroying the wrapper.

9. Newspapers and periodicals sent in the mails to foreign countries other than those of the Postal Union, should be wrapped singly. Those sent by publishers to regular subscribers in Canada and Mexico are transmissible as in domestic mails, except that packages addressed to Mexico must not exceed 4 lbs. 6 oz. in weight.

10. A newspaper or periodical packet for transmission to the Postal Union, Canada and Mexico excepted, at the rate of one cent per two ounces or fraction, is restricted to a single (outside) address.

11. Where the rate of postage applicable to "newspapers" addressed to non-Union foreign countries differs from the rate applicable to "other printed matter" for those countries (see the "Foreign Postage Table" following), any periodical which is second class matter in domestic mails may be sent at the rate applicable to "newspapers;" but, packages of such periodicals may also be admitted to the mails at the rate and under the conditions applicable to "other printed matter" for the countries to which said packages are addressed.

12. Canada and Mexico are the only foreign countries to which periodicals from publishers for regular subscribers (second-class matter in domestic mails) may be sent at the bulk or pound rate of postage. Periodicals for all other foreign countries, whether "transient" or for regular subscribers, are required to be prepaid with postage stamps at the rate applicable to "newspapers" or "other printed matter" for those countries.

13. United States postmasters are required to notify publishers in Canada and Mexico (but not in other foreign countries) when subscribers fail to take newspapers or periodicals

from the post office. (See Sec. 600, p. 248, P. L. & R, 1887). All packages of printed matter received from foreign countries which, from any cause, prove to be undeliverable, must be sent to the Dead Letter Office. (See Secs. 619 and 603, pp. 257 and 249, P. L. & R., 1887).

14. The exchange of postal cards is limited to the Universal Postal Union, including Canada and Mexico. They can be sent to or received from other countries and places only at letter rates of postage.

15. The United States two-cent postal card should be used for card correspondence with foreign countries (except Canada and Mexico to which countries the one-cent card is transmissible); but where these cards cannot be obtained, it is allowable to use for this purpose the United States one-cent postal card with a one-cent United States adhesive postage stamp attached thereto.

16. Postal cards for destinations outside of the Universal Postal Union, which require transmission *via* Great Britain, cannot be forwarded even as letters.

17. Postal cards of foreign origin which are posted in the United States, addressed to the Universal Postal Union, cannot be forwarded except as letters; but the reply-half of a double postal card is mailable in the United States when addressed to a person in the country which issued the double card.

18. Postal cards of United States origin, addressed to the Universal Postal Union, when only partially prepaid, may be forwarded subject to charge, on delivery, of double the deficient postage at the rate for postal cards.

19. Foreign reprints of English copyright works sent to Great Britain in mails from other countries may be forfeited under the laws of that country at the instance of Her Majesty's subjects who possess such copyright property.

20. If the owner of any copyright granted by the United States, or his authorized representative, should file an authenticated list of publications thus protected by law with any exchange office, requesting the postmaster to prevent the forwarding of any of them in the mail, the postmaster must examine imported publications to see if any of such protected list is included, and if such be the case, should advise the person so interested, and hold the copy or copies for a reasonable time to permit proceedings for confiscation. (See Sec. 341, p. 145, and Sec. 378, p. 158, P. L. & R., 1887).

21. Packets of patterns or samples of merchandise for dispatch in the mails to foreign countries are restricted to *bona fide* trade samples or specimens having no salable or commercial value in excess of that actually necessary for their use as samples or specimens. Goods sent for sale, in execution of an order, or as gifts, however small the quantity may be, are not admissible at sample rates and conditions.

22. Articles not specifically enumerated in postal conventions or in the United States postal laws and regulations as transmissible in the mails to foreign countries, or which are not homogeneous with those therein enumerated, are not entitled to be sent at the reduced rates of postage fixed for correspondence other than letters, but may be transmitted at letter rates of postage, *fully prepaid*, provided they are not absolutely excluded from the mails by the provisions of postal conventions, or by the laws and regulations. With a few exceptions, articles of merchandise of all kinds are transmissible in the regular mails for CANADA, in *unsealed* packages, at the same rates of postage as would apply to them if the packages were addressed for delivery in the United States. (See Sec's. 403 and 404, page 172, P. L. & Regs., 1887). Articles of merchandise may also be sent to JAMAICA, BARBADOES, THE BAHAMAS, BRITISH HONDURAS and MEXICO, in unsealed packages, by Parcel Post. See page 808 of this Guide.

23. Articles other than letters and postal cards, addressed for delivery in any foreign country embraced in the Universal Postal Union, which contain writing in the nature of personal correspondence, or which do not conform to all the conditions prescribed for such articles to entitle them to transmission in Postal Union mails at reduced rates of postage (see Notes 15 and 16, on page 793) *are not allowed to be dispatched* from the United States *unless* they are *fully repaid at the letter rate of postage*,—viz: 5 cents per ½ oz. or fraction of ½ oz.

24. "Advertising circulars" are liable in Canada to a specific customs duty of one cent each, which duty Canadian customs officials are required to collect when such pamphlets arrive by mail in large quantities, even though each pamphlet bears a different address.

25. Electrotypes and cuts for advertising purposes are not transmissible by mail to any foreign country except Mexico and Canada, and by Parcel Post to Jamaica, Barbadoes, The

Bahamas, British Honduras, and Mexico, unless *fully prepaid* at the rate of postage applicable to *letters* for that country, and are not transmissible to Canada even though so prepaid.

26. Manuscript sermons, and packages of *old* letters, may be sent by mail to countries of the Postal Union (except to Canada and Mexico), at the rate, and under the conditions, applicable to "commercial papers" in Postal Union mails.

27. Unframed Christmas and Easter cards, and other cards of a similar character, passing between friends in small quantities as tokens of esteem, are transmissible in mails dispatched to countries of the Universal Postal Union (except Canada and Mexico, to which United States domestic postage rates apply), at the rate and under the condition applicable to "printed matter" in Postal Union mails; notwithstanding they are composed partly of silk or satin, and are hand-painted and of elaborate design and finish. But such cards regularly framed, whether with wood, metal, or other material usually used for picture frames, are not entitled to transmission as "printed matter," and should not be admitted to Postal Union mails at less than the letter rate of postage *fully* prepaid; nor should articles intended for use (such as cushions, etc.), which bear an Easter or Christmas greeting, but cannot be considered in any sense "cards," be treated as printed matter in said mails.

28. Packages of canceled or uncanceled postage stamps, addressed to foreign countries, are subject to postage at letter rates; and, when received in the mails from foreign countries, are liable to United States customs duties.

29. *Pairs* of articles—such as gloves, shoes, socks, etc.—are not transmissible by mail to foreign countries at the postage rates and conditions applicable to "samples of merchandise;" but one article of a pair may be so transmitted.

30. Any person employed in any branch of the postal service, who shall willfully and unlawfully remove from any mail matter any postage stamp affixed thereto in payment of the postage, shall be punishable by a fine of not more than one hundred dollars, or by imprisonment for not more than six months.

31. When a letter arrives at a post office addressed to one person in the care of another, and the postmaster has received no instruction from the person for whom it is intended, it is said postmaster's duty to deliver it to the first of the two persons named in the address who may call for it.

32. If no legal representative of a deceased person exists, and various persons claim mail-matter addressed to said deceased, the matter should be sent to the Dead Letter Office, with a statement of the facts in the case.

33. No person employed in any department of the postal service shall, under any circumstances, break the seal of any letter or parcel for the purpose of ascertaining the character of the contents, nor is any such person allowed to refuse to receive for mailing any sealed package *upon the suspicion* that it contains unmailable matter.

34. The Post Office Department cannot prevent the transmission and delivery of lottery circulars when enclosed in sealed envelopes, as the law does not authorize the breaking of the seal to ascertain the character of the contents.

35. Under section 1039, page 373, P. L. & Regs., 1887, the Post Office Department or its revenues are not liable for losses in the mails; but when any valuable matter is missing, the Department will use its best efforts to assist the owner to recover the same. Relief in such cases must come through an appropriation by Congress.

36. All correspondence with foreign governments or administrations relating to alleged losses of mail matter, of either domestic or foreign origin, shall hereafter be conducted through the office of the Chief Post Office Inspector.

37. Complaint is sometimes made that postmasters have failed to acknowledge the receipt of letters from United States ministers and consuls in foreign countries, which failure the postmasters have attempted to excuse on the ground that stamps for return postage have not been furnished. This excuse betrays ignorance of postal law, as prepayment of letters is optional with Postal Union countries. Such letters, however, should be answered, the answers inclosed in penalty envelopes, and addressed to the minister or consul, in care of the State Department at Washington, by which the letter will be forwarded to the country of destination.

38. In cases where excessive postage on foreign matter has been rated up at the exchange post office and collected at the office of delivery, and the excessive charge has been refunded by order of the Department, credit for money so refunded will be obtained at the offices of free delivery on the dead letter bill, as directed in section 560, page 234, P. L. & Regs., 1887, for

"foreign letter forwarded," except that the postage-due bill should be indorsed, "Postage upon foreign letter overcharged, refunded upon order of the Department, No. ——, dated ——, 18—." At other offices credit will be obtained by charging the amount as an expense under item 10 of the account current. The receipt of the person to whom the money is refunded, and the order of the Department directing the payment, should accompany the return, as vouchers.

39. The postmark on mail matter is a very important feature thereof. *All mail-matter* addressed to foreign countries is required to bear a *legible* impression of the date-stamp of the mailing post office; and matter received from foreign countries must bear a similar stamp of the delivering post office. Postmasters should cause care to be taken not to deface by their own post-mark, nor cover with postage-due stamps, any post-mark already on an article.

40. The letter "T" stamped upon the wrapper of an article received in the mails from a foreign country indicates that it was considered in that country as not fully prepaid, and that additional postage is to be collected on delivery. A "O" at the side of the postage stamps indicates that the stamps were of no value for prepayment of postage in the country in which the article was mailed. Wholly unpaid letters are liable to a charge of ten (10) cents per ½ oz. (double the prepaid rate); and insufficiently-paid articles of all kinds are liable to a charge of double the amount of the short payment, which amount is indicatated by the stamp, "Due — cents," or, "U. S. charge to collect — cents," impressed thereon at the U. S. *exchange* post office which received the article from abroad, and is required to be collected by the postmaster *who delivers the article.*

41. Mail-matter *of all kinds* received from any country of the Postal Union is required to be re-forwarded, at the request of the addressee, from one post-office to another, or to any foreign country embraced in the Postal Union, *without additional charge for postage.*

In the case of unpaid letters, or short-paid matter of any kind, the deficient postage is to be collected by the postmaster *by whom the article is delivered.*

42. Pursuant to arrangements made between the Post Office Department of the United States and the Post Office Department of Canada, requiring each country to use bags belonging solely to it in dispatching mails, and, reciprocally, the prompt return, *empty*, of the bags received, all postmasters, agents and employees of this Department are hereby prohibited from using any bags belonging to Canada, and are required to collect and forward, from time to time, all such bags found in the service, to the nearest United States exchange post office, whence they are to be returned, *empty*, to Canada.

43. It is not customary for this Department to reply to inquiries of a hypothetical nature. Any statement of facts that may be submitted, however, will receive due consideration.

44. The Postal Guide, issued each month, should be consulted as soon as received, for information respecting recent modifications of our Foreign Mail arrangements; and should be carefully preserved for reference.

45. *Senders should be cautioned* that in order to insure prompt and safe transmission to destination of articles addressed to foreign countries, they should (1) make the address legible and complete, giving the name of the *country* as well as that of the town or post office. Articles addressed to "London" may be sent either to England or Canada. (2) Avoid using flimsy paper for envelopes, as they are liable to be torn or destroyed in the long transits. (3.) Avoid using sealing-wax on the covers, as letters so sealed often adhere to each other, and the addresses of the articles are destroyed by the tearing of the covers in the attempt to separate the articles. (4) See that postage stamps affixed to the covers of articles of printed matter do not adhere also to the articles themselves, thus virtually sealing the packages, and thereby subjecting them to additional postage, at the letter rate, on delivery.

46. The ascertainment and rating of deficient postage on correspondence for and from foreign countries, and the placing on the correspondence of the proper indications of such deficiencies, is the work of the exchange post offices and not of the mailing or delivering post offices, unless the latter are also exchange post offices. Postmasters at delivering United States post offices should, however, levy and collect the deficient postage at the Canadian rate—3 cents per half ounce—on letters from Canada weighing decidedly over a single rate, which may be forwarded to this country without indication by the Canadian dispatching officers of the amount of the deficiency.

47. For other regulations and suggestions respecting foreign mails, see appropriate titles in Postal Laws and Regulations, 1887, and Notes after Foreign Postage Tables herein.

PROHIBITED ARTICLES.

1. To All Foreign Countries:—

a. Liquids, poisons, explosive and inflammable articles, fatty substances, live or dead animals, insects—especially Colorado beetles—reptiles, fruits or vegetable matter liable to decomposition, confectionery, pastes or confections, and substances exhaling a bad odor, excluded from transmission in domestic mails, as being in themselves, either from their form or nature, liable to destroy, deface or otherwise injure the contents of the mail-bags or the persons of those engaged in the postal service, are prohibited from transmission in the mails exchanged with foreign countries, as are also obscene, lewd, or lascivious books, pamphlets, etc., and letters and circulars concerning lotteries, so-called gift-concerts, etc., also excluded from the domestic mails. CUSTOMS DUTIES.

The Department has not been advised what articles (other than those so designated in the preceding list of "prohibited articles") are liable to customs duties in foreign countries, and consequently does not exclude articles of merchandise from the mails for foreign countries because they may be liable to customs duties in the countries to which they are addressed.

Customs duties cannot be prepaid by the senders of dutiable articles; they will be collected of addressees if the articles are delivered.

Newspapers and other periodical publications received in the mails from abroad under the provisions of postal treaties or conventions are free from customs duty.

Books and printed matter bearing the address of the chief of a foreign mission in the United States, and imported through the mails, may be delivered without payment of customs duties.

Dutiable books forwarded to the United States from the Postal Union are delivered to addressees at post offices of destination upon payment of the duties levied thereon. (See paragraph 9, section 621, page 259, Postal Laws and Regulations, 1887.)

The Secretary of the Treasury has instructed collectors of customs that the Act of March 3, 1883, imposes a duty of 25 per cent. ad valorem on all printed matter not therein otherwise provided for, without regard to mode of importation; and that under said Act all printed matter, *except newspapers and periodicals*, and except printed matter other than books imported in the mails for personal use, is subject to the regular duty of 25 per cent. ad valorem.

Sample copies of musical publications imported by dealers, or agents of foreign publications, are held to be *not* exempt from U. S. customs duties.

REGULATION GOVERNING THE TREATMENT OF DUTIABLE ARTICLES RECEIVED IN THE MAILS FROM FOREIGN COUNTRIES.

POST OFFICE DEPARTMENT,
WASHINGTON, D. C., *March 21*, 1888.

When letters, sealed packages, or packages, the wrappers of which cannot be removed without destroying them, are received in the United States from a foreign country, and the postmaster of the exchange office at which they are received has reason to believe they contain articles liable to customs duties, he shall immediately notify the customs officer of the district in which his office is located, or the customs officer designated by the Secretary of the Treasury for the purpose of examining the mails arriving from foreign countries, of the receipt of such letters or packages, and their several addresses; and if any letter or package of this character be addressed to a person residing within the delivery of his office, the postmaster shall also, at the time of its arrival, notify the addressee or addressees thereof that such letter or package has been received and is believed to contain articles liable to customs duties, and that he or they must appear at the post office at a time in said notice to be designated, not exceeding twenty days from the date of said notice, and receive and open said letter or package in the presence of an officer of the customs.

Letters and sealed packages, or packages, the wrappers of which cannot be removed without destroying them, which are supposed to contain articles liable to customs duties, and which are addressed to persons residing outside of the delivery of the United States exchange office, where they were first received from abroad, shall be forwarded, without longer detention than twenty-four hours, to their respective destinations marked "supposed liable to customs duties," and upon their receipt at the offices of destination the postmasters thereof shall notify the nearest customs officer and the parties addressed, in the manner and to the same effect as hereinbefore provided in the case of similar letters or packages addressed for delivery at the United States exchange office where they were first received.

Provided, however, that nothing hereinabove contained shall authorize or allow customs officers to seize or take possession of any letter or sealed package while the same is in the custody of a postmaster, nor until after its delivery to the addressee; and provided further, that no letter or sealed package shall be detained at the office of delivery a longer period than may be necessary for the appearance of a customs officer and the addressee, in pursuance of the notices hereinbefore provided to be given.

Unsealed packages received in the mails from foreign countries which are found, on examination by customs officers, to contain articles liable to customs duties, shall be delivered by the postmaster at the exchange office of receipt to the proper officer of the customs for the collection of the duties chargeable thereon, with notice of such delivery to the person addressed. But books received from countries or colonies of the Universal Postal Union, all unsealed packages of merchandise received in mails from Mexico and Canada, and all packages received by "Parcel Post" from any foreign country, which are found to be dutiable shall, when addressed to a post office other than the exchange office of receipt, be promptly transmitted by mail to the addressees charged with the amounts of customs duties levied thereon,

respectively, which amounts postmasters at the offices of destination will collect of the addressees on their delivery, and remit by first mail thereafter, under registration, to the Collector of Customs of the district in which the exchange post office of receipt is situated. In case of the refusal or neglect of addressees of such dutiable books, or packages of merchandise from Mexico and Canada, to apply for them at the post office of destination within a period of thirty days from the date of their receipt at said office, and pay the customs duties and any postage charges levied thereon, the postmaster of said office will specially return the same to the Collector of the Customs of the afore-mentioned district; but in the case of packages received by "Parcel Post" from foreign countries, which appear to be undeliverable, postmasters at post offices of destination shall, at the expiration of thirty days from date of their receipt, report to the "Superintendent of Foreign Mails, Post Office Department," that said packages are undeliverable, giving the reason therefor, and stating the names and addresses of both senders and addressees of the packages, dates and places of mailing, dates of receipt, and what the packages are said to contain, and will hold the packages subject to the further orders of the Department. Postmasters are instructed to collect the customs duties on such books and packages forwarded to their offices for delivery to addressees and promptly remit the sum so collected by them to Collectors of the Customs in registered letters, using penalty envelopes, and omitting the registration fee as for all other official matter under section 622, Postal Laws and Regulations, 1887; but the postal revenues are not in any manner to be credited or charged with such duties.

All sealed packages, other than letters in their usual and ordinary form, forwarded to the United States in the mails from Mexico and Canada, contrary to the provisions of the Postal Conventions between the two countries, shall be immediately returned from the United States exchange offices of receipt to the Mexican or Canadian exchange offices from which they were dispatched.

Postmasters are expected to extend to customs officers, specially designated for that duty by the Secretary of the Treasury, such facilities as may be necessary to enable them to examine mail matter arriving in the mails from foreign countries, in order to protect the customs revenues.

Postal clerks on railway post offices exchanging mail with Canada are also directed to carefully examine Canadian mails coming into their hands for distribution, and to turn into the nearest exchange post office where there is a custom house officer all books and packages of merchandise found in such mails, known or supposed to be liable to customs duty, in order that appropriate action may be taken by the postmaster in conjunction with the customs officer concerning their disposition.

The General Superintendent of the Railway Mail Service will see that full and explicit instructions are given to all postal clerks on railway postoffices exchanging mails with Canada as to the examination of the mails from Canada, and as to the post offices to which all intercepted packages containing dutiable articles are to be turned in.

He will also require of such postal clerks daily reports, and monthly reports to be transmitted to the Department by the superintendents of the several railway mail divisions, showing the number and character of all articles subject to customs duty which they may intercept and turn in under the requirements of this order.

Postmasters, Post Office Inspectors, and other postal employés will promptly report to this Department every case coming to their notice where the foregoing instructions are in any wise violated.

DON M. DICKINSON,
Postmaster General.

For the rates and conditions applicable to articles sent by "Parcel Post" to certain foreign countries, see the heading "*Parcels-Post*," page 808.

Unless otherwise stated, the absence of rates under headings of this Table indicates that the correspondence designated by said headings is not transmissible.

The condition of optional prepayment in the second column of this Table applies only to ordinary letters; other articles must be prepaid.

AUSTRALIA. *The rates given for correspondence for New Zealand, Tasmania, and the Australian Colonies of New South Wales, Queensland, and Victoria, *via* San Francisco, are fixed by the Postal Conventions in force between the United States and those Colonies; and prepayment in full of those rates secures the delivery of articles so prepaid, without further charge for postage. Letters prepaid less than one full rate (12 cents) are not allowed to be dispatched from the United States.

The United States has no Postal Conventions with the other Australian Colonies. Consequently the *United States postage only* (5 cents per ½ ounce on letters) is levied on matter addressed for delivery in those Colonies (*the Australian postage* thereon being collectible of the addressees on delivery), and the same rates are required to be collected on matter received from those Colonies.

CANADA. †Correspondence addressed for delivery in Canada is subject to the same postage rates and conditions as if it were addressed for delivery within the United States; *except* that the following articles are *absolutely excluded* from the mails, without regard to the amount of postage prepaid, or the manner in which they are wrapped, viz:

All sealed packages other than letters in their usual and ordinary form; *all* packages (except single volumes of printed books and packages of second-class matter), which weigh more than 4lbs. 6 ozs.; liquids, pastes, confections, and fatty substances; police gazettes, and publications which violate any copyright law of Canada.

MEXICO. ‡Matter mailed in the United States, addressed to Mexico, is subject to the same postage rates and conditions as if it were addressed for delivery within the United States; *except* that articles of miscellaneous merchandise (fourth-class matter), not sent as *bona fide* trade samples, are required to be sent by "Parcels Post," and that the following articles are *absolutely excluded* from the mails, without regard to the amount of postage prepaid, or the manner in which they are wrapped, viz.:

All sealed packages other than letters in their usual and ordinary form; *all* packages, (including packages of second-class matter, which weigh more than 4 lbs. 6 ozs.) except such as are sent by "Parcels Post;" liquids, pastes, confections, and fatty substances; publications which violate any copyright law of Mexico.

Bona fide trade samples are transmissible to Mexico in the regular mails at the postage rate given opposite "Mexico" in the column headed "Samples of Merchandise." For "Parcels Post" Regulations see pages 808-810.

SHANGHAI. §Articles of every kind and nature which are admitted to the United States domestic mails are admitted to the mails exchanged between the United States and the United States Postal Agency at Shanghai, China; subject, however, to the following rates of postage, which in all cases must be fully prepaid:

First-class matter, 5 cents for each ½ ounce or fraction of ½ ounce;

Postal cards, 2 cents each;

Second and third-classs matter, and samples of merchandise not exceeding 8 ounces in weight, 1 cent for each 2 ounces or fraction of 2 ounces;

Fourth-class matter, 1 cent for each ounce or fraction of an ounce;

Registration fee, 10 cents; no additional charge for return receipt.

Articles other than letters *in their usual and ordinary form* must not be closed against inspection, but must be so wrapped or inclosed that they may be readily and thoroughly examined by postmasters and customs officers.

NOTES REFERRED TO IN FOREGOING TABLE.

NOTE 1.—The only post offices in the Argentine Republic to which registered correspondence may be sent are those mentioned in Note 1, p. 790, United States Postal Guide for January, 1887.

NOTE 2.—CANADA.—1. Articles of every kind or nature which are admitted to the domestic mails of either country, will be admitted under the same conditions to the mails exchanged between the two countries; except that articles other than *letters in their usual and ordinary form* are excluded from the mails unless they are so wrapped or enclosed as to permit their contents to be *easily* examined by postmasters or customs officers; and except also the following articles, the transmission of which is absolutely prohibited under any circumstances, viz.:

All sealed packages, which from their form and general appearance, *evidently are not letters.*

Publications which violate the copyright laws of the country of destination; packets (except single volumes of printed books and packages of second class matter) which exceed four pounds six ounces in weight; liquids, poisons, explosive or inflammable substances, fatty substances, or those which easily liquify; live or dead (not dried) animals, insects and reptiles (except queen-bees and their attendant bees), confections, pastes, fruits and vegetables which quickly decompose, and substances which exhale a bad odor; lottery tickets or circulars; all obscene or immoral articles, and other articles which may destroy or damage the mails, or injure the persons handling them.

2. All articles are required to be *fully* prepaid with postage stamps, at the rate of postage applicable to similar articles in the domestic mails of the country of origin, and are required to be delivered free of postage to addresses in the country of destination; except that *letters* upon which only one rate of postage has been prepaid are required to be forwarded stamped "T" and marked upon the cover with the amount of postage due and short-paid, and the amount so marked as due (and only that amount) is required to be collected as postage on delivery.

United States Postmasters will therefore refuse to receive or forward articles addressed for delivery in Canada which are not fully prepaid with United States postage stamps at the postage rate applicable to the articles in our domestic mails; except letters in their usual and ordinary form prepaid two cents, which must be forwarded to the proper United States exchange post office, where they will be stamped T and rated with the deficient postage.

3. Articles other than letters, in their usual and ordinary form, on their arrival at the exchange post office of the country of destination, will be inspected by customs officers of that country, who will levy the proper customs duties upon any articles found to be dutiable under the laws of that country. Dutiable articles received in the United States will be treated in accordance with the regulation upon pages 776 and 777 of the Postal Guide for January, 1889.

4. Official correspondence which is entitled to pass in the domestic mails of either country free of postage, is likewise entitled to transmission free of postage between the United States and Canada.

5. (*a*) Any article of mail matter may be registered upon the payment of the domestic registration fee in addition to the ordinary postage thereon.

(*b*) A "Return-Receipt" will be furnished free of additional charge for any registered article which has endorsed on the cover the words "Return-Receipt demanded," and only for articles so endorsed. The Return-Receipt will be attached to the article by the *exchange* post office which despatches it.

(*c*) When "Return-Receipts" accompany registered articles which are delivered, the receipts are required to be returned to the office of origin bearing the addressee's signature.

(*d*) If any article entered upon a registered list is not found in the mails, the receiving exchange post office is required to at once notify the despatching exchange post office of the fact by means of a Bulletin of Verification.

(*e*) Until further notice registered, as well as ordinary, mails will be exchanged in canvas sacks carefully sealed.

6. All registered articles, ordinary letters, postal cards, and other articles manifestly of value to the senders, which are found to be undeliverable, are required to be returned to origin through the Dead Letter Office of the country of destination; except that fully prepaid "request" letters, and fully prepaid letters, which bear on the cover the sender's full address (but no request for return) may be returned *direct* to the despatching exchange,

office instead of being sent to the Dead Letter Office; the former at the expiration of the time named in the "request," and the latter at the expiration of thirty days after receipt.

NOTE 3.—MEXICO. All articles of every kind or nature which are admitted to the domestic mails of either country will be admitted under the same conditions to the mails exchanged between the two countries; *except* that articles of miscellaneous merchandise (fourth-class matter), not sent as *bona fide* trade samples, are required to be sent by "Parcels Post," and that *bona fide* trade samples are transmissible in the regular mails at the postage rate applicable to "Samples of Merchandise" in Postal Union Mails; and except also the following articles, the transmission of which is absolutely prohibited under any circumstances, viz.: Sealed packages, which from their form and general appearance *evidently are not letters;* publications which violate the copyright laws of the country of destination; packets, except single volumes of printed books, which exceed four pounds six ounces in weight; liquids, poisons, explosive or inflamable substances, fatty substances, or those which easily liquefy; live or dead (not dried) animals, insects and reptiles; confections, pastes, fruit and vegetables which quickly decompose, and substances which exhale a bad odor; lottery tickets or circulars; all obscene or immoral articles; and other articles which may destroy or damage the mails, or injure persons handling them. Articles other than letters, in their usual and ordinary form, on their arrival at the exchange post office of the country of destination will be inspected by customs officers of that country, who will levy the proper customs duties upon any article found to be dutiable under the laws of that country. Dutiable articles received in the United States under this arrangement will be treated in accordance with the regulation upon pages 776 and 777. Official correspondence which is entitled to pass in the domestic mails of either county free of postage, is likewise entitled to transmission free of postage between the United States and Mexico. Any article of mail matter may be registered upon the payment of the domestic registration fee in addition to the ordinary postage thereon; and a "return-receipt" will be furnished free of additional charge for any registered article which has indorsed on the cover the words "return-receipt demanded," and only for articles so indorsed. The return receipt will be attached to the article by the *exchange* post office which dispatches it. When "return receipts" accompany registered articles which are delivered, the receipts are required to be returned to the office of origin bearing the addressee's signature. All registered articles, ordinary letters, postal cards, and other articles manifestly of value to the senders, which are found to be undelivereble, are required to be returned to origin through the Dead Letter Office of the country of destination; except that fully prepaid "request" letters, and fully prepaid letters which bear on the cover the sender's full address (but no request for return) may be returned *direct* to the dispatching exchange office, instead of being sent to the Dead Letter Office; the former at the expiration of the time named in the "request," and the latter at the expiration of 30 days after receipt. The sender of any article may cause its return, or its address to be changed, provided application thereof be made through the Post Office Department of the country in which the article was mailed, the formalities prescribed by Note 20, p. 794 having first been complied with. See also section 594, page 246, P. L & Regs.

NOTE 4.—*New South Wales, Queensland, and Victoria (Australia), and New Zeland and Tasmania.* The correspondence exchangeable in direct mails with New South Wales, Queensland, Victoria, New Zealand, and Tasmania, comprises letters (ordinary and registered), newspapers, printed matter of every kind, and patterns and samples of merchandise not exceeding 4 pounds in weight. Letters unpaid, or prepaid less than one full rate, (12 cents) cannot be forwarded; but insufficiently paid letters, on which a single rate or more has been prepaid, will be forwarded charged with the deficient postage. Correspondence of all kinds prepaid in full in these colonies is delivered free of charge in the United States. The principal post offices in New South Wales are Sydney, East and West Maitland, Liverpool, Bathurst, Goulbourn, Windsor, Newcastle, Yass Penrith and Paramatta; in Queensland, Brisbone, Ipswich, Rockhampton, Gympie, Maryborough, and Towoomba; in Victoria, Melbourne, Ballarat, Sandhurst, Geelong, Fitzroy, Castlemaine, Williamstown, Stawell, Daylesford, Warnambool, and Hamilton; in New Zealand, Auckland, Wellington, Napier, Nelson, Blenheim, Christchurch, and Dunedin.

Only such correspondence for Australia and New Zeland as is specially addressed to be ent *via* Brindisi can be forwarded in the mails to Great Britian for transmission *via* Brindisi.

The Australian destinations to which the rates and conditions given at "Australia *via* San Francisco, except," etc., apply, are South Australia (including, for governmental purposes, North Australia), capital city Adelaide, and West Australia, capital city Perth. Registration of letters for these destinations is to Sydney, New South Wales, only.

The names of the principal agencies should be incorporated with the address on correspondence for the above offices.

NOTE 7.—The Bay Islands comprise Ruatan, Bonacco, Utilla, Barbarette, Moxat, and Helene.

NOTE 8.—The Virgin Isles, belonging to Great Britain, comprise Tortola, Anegada Virgin Gorda, Jost Van Dykes, Guano Isle, Beef and Thatch Islands, Prickly Pear, Camanas, Coopers, Salt, St. Peters, etc.

NOTE 9.—The Grenadines, or Grenadilles, consisting of Bequai, Caricou, Union, and several smaller islands, belonging partly to St. Vincent and partly to Grenada, W. I., colonies of Great Britain embraced in the Postal Union, the postage rates and conditions of which therefore apply.

NOTE 10.—Postal Union rates and conditions apply to British Indian offices in various Native States within the limits of Hindostan. To Kashmir, Ladak (Little Thibet), and Cabul (Afghanistan), in Italian mail, the same rates apply, but prepayment is compulsory, and only to the British Indian frontier.

NOTE 11.—Correspondence for the Tunisian and Tripolitan ports of Sousse, Monastir, Mehdie, Sfax, Djerba, and Tripoli, sent *via* France, is assimilated in all respects, since January 1, 1880, to correspondence for France. That for other portions of Tripolis, sent by the same route, is liable to the same rates of postage, but prepayment is obligatory and valid only to the port of debarkation, and registration is not possible. Correspondence for Goulette, near Tunis, and for Sousse, in Tunisia, sent *via* Italy, is assimilated in all respects to that for Tunis sent by the same route.

NOTE 12.—Correspondence for parts of Chinese Empire (including Formosa) other than Hong Kong, where foreigners reside, sent *via* Hong Kong, is assimilated in all respects to that for Hong Kong, except that prepayment is obligatory and registration only effective as far as the Hong Kong Postal Agency nearest the place of destination. To the following named places, to which the foregoing applies, correspondence is advantageously sent *via* Hong Kong: Amping, Fatshan, Island of Formosa, Keelung, Pagoda Anchorage, Pakhoi, Taiwan-foo, Takao, Tamsui, and Whampoa.

NOTE 13.—Correspondence for the cities of Pekin, Tien-Tsin, Kalgan, and Ourga, sent in the mails to Russia *via* Germany, is assimilated in all respects to correspondence addressed to Russia. Such correspondence should be marked "*Via* Russia."

NOTE 14.—Correspondence for Russia should have the name of the place of destination added in either English, French or German; and if for the smaller towns in Russia, they should bear, as a part of their address, the name of the province or government in which the towns are situated. If these conditions are not complied with, the Russian post office declines to undertake delivery of the correspondence. Newspapers and other political publications of foreign origin are not allowed circulation in Russia by mail, except such as are addressed to members of the reigning imperial family, the ministers of the empire, or members of the diplomatic corps. Non-political publications and newspapers are only admitted to circulation by mail when addressed to the Public Imperial Library, the Academy of Sciences, the higher establishments of education, and established bookstores, but any person in Russia may subscribe at the Russian post offices for foreign newspapers and publications, whether political or not. Books in the Russian language, published elsewhere than in Russia, are subject to customs duty there, and hence are excluded from the mails sent to Russia.

NOTE 15.—Letters, postal cards, printed matter of all kinds, commercial documents, and samples of merchandise are transmissible in Postal Union mails. The following are considered as printed matter, viz.: Newspapers and periodical works, books stitched or bound, pamphlets, sheets of music, visiting cards, address cards, proofs or printing, with or without the manuscripts relating thereto, engravings, photographs, pictures, drawings, plans, geographical maps, catalogues, prospectuses, announcements and notices of various kinds, whether printed, engraved, lithographed, or autographed, and in general, all impressions or copies obtained upon paper, parchment or cardboard by means of printing, lithographing and autographing, or any other mechanical process easy to recognize, except the copying-press, and also raised drawing models on pasteboard, and papers with raised characters, for the use of the blind. Reproductions obtained by process of chromography, polygraphy, hectography, papyrography, velocigraphy, etc., are transmissible in the mails to the countries of the Postal Union at printed matter rates, *provided* said reproductions are mailed at *post office windows*, and in the minimum number of twenty (20) perfectly identical copies; if mailed otherwise than as above provided, such reproductions are subject to treatment as letters. The following are considered as commercial papers, viz.: All instruments or documents written or drawn wholly or partly by hand, which have not the character of an actual and personal correspondence, such as papers of legal procedure, deeds of all kinds drawn up by public functionaries, way-bills or bills of lading, invoices, the various documents of insurance companies, copies or extracts of deeds under private seal, written on stamped or unstamped paper, scores or sheets of manuscript music, manuscripts of works or of articles for publication in newspapers, forwarded separately, etc.

NOTE 16.—*Postal cards* must be forwarded without cover. One of the sides must be reserved for the address alone (except that the sender's name and address may be *stamped* thereon), and the communication written on the other side. It is forbidden to join or attach to postal cards any article whatever, except stamps for prepayment of postage and a printed address label not exceeding 2 inches by $\frac{3}{4}$ of an inch in size. The circulation of postal cards with paid reply (double postal cards) is guaranteed throughout the entire extent of the Postal Union. All the countries are not obliged *to issue* such cards, but they are required to receive and forward to destination, without additional charge for postage, the reply-halves of such cards received from other Postal Union countries, which may be offered for mailing, addressed for delivery in the *country which issued the card* This department has not yet made provision for the issue of postal cards with paid reply, but the reply halves of double postal cards issued by other Postal Union countries are mailable in this country without charge for postage, when addressed to the country which issued the card.

Printed matter must be either placed under band, upon a roller, between boards, in a case open at one side or at both ends, or in an unclosed envelope; or simply folded in such a manner as not to conceal the nature of the packet; or lastly, tied by a string easy to unfasten. Address cards and all printed matter presenting the form and consistency of an unfolded card may be forwarded without band, envelope, fastening or fold. The maximum weight of printed matter is fixed at 2 kilograms (4 lb. 6 oz.); and the maximum size to 45 centimeters (18 inches) in any one direction, *except* that *rolls* of printed matter which could be inclosed in a cube of 45 centimeters may be forwarded by mail even if they exceed 45 centimeters in length. For the permissible length of *rolls* of printed matter of different thickness, see section 396, page 168, Postal Laws and Regulations, 1887.

Commercial papers must be forwarded under band or in an open envelope. The maximum weight of commercial paper is fixed at 2 killograms (4 lb. 6 oz), and the maximum size at 45 centimeters (18 inches).

Samples of merchandise must conform to the following conditions: (1st) they must be placed in bags, boxes, or removable envelopes in such a manner as to admit of easy inspection; (2d) they must not have any salable value, nor bear any manuscript other than the name or profession of the sender, the address of the addressee, a manufacturer's or trade-mark, numbers, prices and the weight or size of the quantity to be disposed of, and words which are necessary to precisely indicate the origin and nature of the merchandise; (3d) they must not exceed 250 grams in weight ($8\frac{3}{4}$ ounces), or the following dimensions: 20 centimeters (8 inches) in length, 10 centimeters (4 inches) in breadth, and 5 centimeters (2 inches) in depth (see exceptions, Note 17.)

Packets of printed matter, commercial papers, and samples must not contain any letter or manuscript not having the character of an actual and personal correspondence, and must be

made up in such manner as to admit of being easily examined. The character of actual and personal correspondence cannot be ascribed to the following, viz: (1st) To the signature of the sender or to the designation of his name, of his profession, of his rank, of the place of origin, and of the date of dispatch; (2d) to a dedication or mark of respect offered by the author; (3d) to the figures or signs merely intended to mark the passages of a text, in order to call attention to them; (4th) to the prices added or altered by hand upon the quotations or prices current of exchange or markets in catalogues, prospectuses, and notices of various kinds; (5th) to annotations or corrections made upon proofs of printing or musical compositions, and relating to the text or to the execution of the work; (6th) to offers of, or orders for, books on which the offers and orders are indicated in handwri ing, either by crossing out or underscoring printed text; and (7th) to invoices or bills inclosed with printed matter and relating thereto.

It is permitted to inclose in the same packet, samples of merchandise, printed matter, and commercial papers, but subject to the following conditions: (1st) That each artickle taken singly shall not exceed the limits which are applicable to it as regards weight and size; (2d) that the total weight must not exceed 2 kilograms (4 lb. 6 oz.) per package; (3d) that the minimum charge shall be 5 cents when the packet contains commercial papers, and 2 cents when it consists of printed matter and samples.

NOTE 17.—By special agreement between the United States and France, Great Britain Belgium, Switzerland and the Argentine Republic, packets of samples of merchandise are admissible in the mails between the two countries, up to 350 grams (12 ozs.) in weight, and the following dimensions: 30 centimeters (12 inches) in length, 20 centimeters (8 inches) in width, and 10 centimeters (4 inches) in depth.

NOTE 18.—Packets of books and other printed matter in mails to Germany and Great Britain are limited to 2 feet in length and 1 foot in each other dimension.

NOTE 19.—Samples of liquids, fatty substances, and powders, whether coloring or not (except such as are dangerous, inflammable, explosive, or exhale a bad odor), are admitted to the mails exchanged between the United States and those foreign countries which admit such samples to the mails they exchange with the other countries of the Universal Postal Union, provided said samples conform to the following conditions, viz.: They must be placed in thick glass bottles, hermetically sealed; the bottles must be placed in a wooden box containing sufficient spongy matter to absorb the contents if the bottles should break; the whole to be inclosed in an outside metal case bearing the address; the wooden box and outside case must be closed so that they may be *easily* opened for examination of the contents; and the whole package must not exceed in weight $8\frac{3}{4}$ ounces, nor in size 8 x 4 x 2 inches, except those addressed to the Argentine Republic, Belgium, France, or Switzerland, which may weigh not to exceed 12 ounces, and measure not to exceed 12 x 8 x 4 inches.

The countries with which the samples in question may be exchanged, so far as this Department has been advised, are as follows, viz: Germany, Argentine Republic, Austria, Hungary, Belgium, Bolivia, Bulgaria, Cameroons (Territory of), Chili, Congo (State of), Curacoa, and other Netherlands Colonies, Denmark, Dutch Guiana, Egypt, Spain and the Spanish Colonies, France, the French Colonies, Greece, the Hawaiian Kingdom, Hayti, British India, Italy, Japan, Luxemburg, Norway, The Netherlands, Netherlands East Indies, Peru, Portugal and the Portuguese Colonies, Roumania, Salvador, Servia, Siam, Sweden, Switzerland, Tunis (Regency of), and Turkey.

No provision has been made for the exchange by mail of samples like those above referred to, with any foreign countries other than those herein named.

NOTE 20.—The sender of any article addressed to a country of the Postal Union, may cause it to be withdrawn from the postal service, or have its address changed, as long as the article has not been delivered to the addressee; provided the legislation of the country of destination of the article allows such withdrawal or alteration. To effect either of these ends, the conditions prescribed by section 25, p. 746, of this Guide, relative to withdrawing letters from the domestic mails, must be complied with; and, in addition, the sender must furnish a *fac-simile* of the address of the article, and must pay (by means of postage stamps affixed to his application, and cancelled by the postmaster) the amount chargeable on a single registered letter, viz: 15 cents. When these formalities have been complied with, the postmaster at the mailing office of the letter in question is required to forward the application, accompanied by the fac-simile of the address, under registration, to "The Superintendent of Foreign Mails,

Washington, D. C.," who will request the foreign postal administration interested to comply with the sender's directions.

This Department has been officially advised that the legislation of Great Britain and the British Colonies, including Canada and British India, also Venezuela, Hayti, Japan, Nicaragua, Bolivia, the Dominican Republic, Colombia (U. S. of), The Hawaiian Kingdom, and Mexico, does not allow senders of articles to withdraw them from the mails, or to change their address; consequently senders cannot prevent the delivery to the original addressees of articles sent by mail, from the United States to any of those countries, nor from those countries and colonies to the United States.

NOTE 21.—Any article of mail matter, except those addressed under initials, or with the address written with a pencil, may be registered, subject to prepayment of the postage upon the article according to its nature, in addition to the registration fee.

NOTE 22.—1. All mailable matter of Postal Union origin (including such matter from Canada and Mexico), received in the United States, otherwise than by "Parcels Post," may be re-forwarded from the United States post offices of original destination to any other United States post office, or to any Postal Union country, without charge of additional postage therefor, or, if a registered article, without charge of an additional registry fee. 2. Such matter, however, as has been addressed, in the first instance, to a post office in the country of mailing, is chargeable, on redirection, with the same postage, less the sum prepaid, as would have been charged had it been addressed originally to the post office of ultimate delivery, but, if registered, without additional registry fee. 3. Any article returned to sender for rectification or completion of its address, is not considered, when mailed with a corrected or completed address, as *reforwarded* matter, but as newly mailed, and consequently becomes liable to a new charge of postage.

NOTE 23.—Unpaid letters received from the Postal Union are chargeable with 10 cents per 15 grams (½ oz.) Insufficiently prepaid correspondence of all kinds is chargeable with double the amount of the deficient postage. Packets of commercial papers for the Postal Union, up to 10 ounces in weight, are changeable with 5 cents; above that weight, with 1 cent for each two ounces. Packets of samples of merchandise up to 4 ounces in weight are chargeable with two cents; above that weight, with 1 cent for each two ounces. The prepayment of the Union postage on ordinary letters is optional; but the postage on all other articles (except postal cards, which are necessarily prepaid, and registered letters and other articles registered) must be at least partially prepaid. Correspondence incompletely or incorrectly addressed and returned to origin for correct address is liable to a new postage upon its return corrected.

NOTE 24.—The following are excluded from the reduced postage, viz.: Stamps or forms of prepayment, whether obliterated or not, as well as printed articles constituting the representative sign of monetary value. Monetary value is held by the International Bureau of the Universal Postal Union to attach to bonds, bank notes, commercial bills of exchange, etc., which have been fully executed by the makers, and such articles are therefore excluded from reduced postage.

NOTE 25.—It is forbidden to send by mail: 1. Letters or packets containing gold or silver substances, jewelry or precious articles (see exceptions below). 2. Any packet whatever containing articles liable to customs duty. 3. Articles other than letters which are not prepaid at least partly, or which do not fulfill the conditions required in order to enjoy the reduced rate. 4. Articles of a nature likely to soil or injure the correspondence. 5. Packets of samples of merchandise not fully prepaid at letter rates, which have a salable value, or which exceed 350 grams (8¾ ozs. in weight, or measure more than 20 centimeters (8 inches) in length, 10 centimeters (4 inches) in breadth, and 5 centimeters (2 inches) in depth (see exceptions, Note 17). Packets of commercial papers and printed matter of all kinds, not fully prepaid at letter rates, the weight of which exceeds 2 kilograms (4 lbs. 6 ozs.), or the dimensions of which exceed 45 centimeters in any direction, *except* rolls of printed matter exceeding 45 centimeters, as stated in Note 16. There is, moreover, reserved to the government of every country of the Union the right to refuse to convey over its territory, or to deliver as well, articles liable to the reduced rate in regard to which the laws, ordinances, or decrees which regulate the conditions of their publication or of their circulation in that country have not been complied with, as correspondence of every kind which evidently bears inscriptions forbidden by the legal enactments or regulations in force in the same country. The prohibition against the transmission in Postal Union mails of letters or packages containing gold or

silver bullion, precious stones, jewelry, or other precious articles, has been modified so as to prohibit the transmission only in the mails to and from those countries in which such articles are liable to customs duties, or whose legislation prohibits their circulation in its domestic mails. So far as this Department has been advised, the conditions prescribed prevent the forwarding of the articles referred to in the mail for any country of the Postal Union, except Germany and the German Protectorates, and the British Colonies of Hong Kong, Sierra Leone, the Falkland Islands, Bermuda, Gibraltar, Malta, Labuan, Lagos, Montserrat, Gambia, and Straits Settlements.

NOTE 26.—Articles of correspondence marked on the outside with the declared value of the contents, if addressed to Germany, Austria-Hungry, Belgium, Denmark, the Danish Colonies, Egypt, France, the French Colonies, Italy, Luxemburg, Norway, the Netherlands, Portugal, the Portuguese Colonies, Roumania, Russia, Servia, Sweden, or Switzerland, cannot be forwarded from the United States, and will be returned to the senders, if posted.

NOTE 27.—Correspondence for British India, Straits Settlements, Siam and Dutch East Indies is now forwarded exclusively *via* New York, and included in the mails there made up for Great Britain and Italy, except when specially addressed upon the cover, "*Via* San Francisco."

PARCELS POST.

Parcels Post Conventions having been concluded between the United States and Jamaica, Barbadoes, the Bahamas, British Honduras, and Mexico, the attention of postmasters and others is called to the following provisions thereof, which apply in the United States to parcels of merchandise (other than samples) and all other articles not prohibited, which are exchanged between the United States and Jamaica through the post offices of New York and Kingston, between the United States and Barbadoes through the post offices of New York and Bridgeton, between the United States and the Bahamas through the post offices of New York and Nassau, between the United States and British Honduras through the post offices of New Orleans and Belize, and between the United States and Mexico through the post offices of both countries designated as exchange offices.

POSTAGE.

For a parcel exceeding 1 pound in weight, - - - - - - - - - 12 cents.
For every additional pound or fraction of a pound, - - - - - - - - 12 cents.

The postage must, in all cases, be prepaid, and by means of postage stamps which must be affixed by the sender; and no parcel will be accepted for transmission which is not sufficiently prepaid.

DIMENSIONS AND WEIGHT.

The dimensions allowed for Mexico are:

Greatest length, - - - - - - - - - - - - - - 2 feet.
Greatest girth, - - - - - - - - - - - - - - 4 feet.

The dimensions allowed for the other countries are:

Greatest length, - - - - - - - - - - - - 3 feet 6 inches.
Greatest length and girth combined, - - - - - - - - - - 6 feet.

The maximum weight for all destinations, - - - - - - - - 11 pounds.

PARCELS—HOW TO BE PUT UP.

Parcels must be securely and substantially packed, so they can be safely transmitted in the open mail of the country of destination, but must be so wrapped or enclosed as to permit their contents to be easily examined by postmasters and customs officers.

Any article admitted to the Domestic mails of the United States may be sent, except those mentioned in the next paragraph.

A letter or communication of the nature of a personal correspondence must not accompany, be written on, or enclosed with any parcel. If such be found, the letter will be placed in the mails, if separable, and if the communication be inseparably attached, the whole package will be rejected. If, however, any such should inadvertently be forwarded, the country of destination will collect double rates of postage according to the Universal Postal Union Convention.

No parcel may contain parcels, intended for delivery at an address other than that borne by the parcel itself. If such enclosed parcels be detected, they must be sent forward singly, harged with new and distinct parcel postage rates.

PROHIBITED ARTICLES.

The following articles are prohibited from transmission under this arrangement: Publications which violate the copyright laws of the country of destination; poisons, and explosive or inflammable substances; liquids and those which easily liquefy; confections and pastes; live or dead animals, except dead insects and reptiles, when thoroughly dried; fruits and vegetables, and substances which exhale a bad odor; lottery tickets, lottery advertisements, or lottery circulars; all obscene or immoral articles; articles which in any way damage or destroy the mails or injure the persons handling them.

ADDRESS AND MODE OF POSTING.

Each parcel must be plainly directed, giving the name and full address of the person for whom the parcel is intended. It must bear the words "Parcels Post," in the upper left hand corner, and the name and address of the sender.

A parcel must not be posted in the letter-box, but must be taken into the post office, and presented at the counter to the postmaster or person in charge, between the hours of 9 A. M. and 5 P. M.

The sender will, at the time of mailing the parcel, receive a certificate of mailing from the post office.

All parcels may be liable to customs duties, and the sender of each parcel will therefore be required to make a CUSTOMS DECLARATION, giving a general description of the parcel, an accurate statement of the contents and value, date of mailing, and the sender's signature and residence, and the place of address. This declaration must be pasted upon or attached to every parcel, upon a special form which the postmaster at the mailing office will furnish the sender. Postmasters will apply to the Department for these forms.

RETURN RECEIPTS FOR ORDINARY PARCELS.

The sender of an unregistered parcel, addressed to Jamaica, Barbadoes, the Bahamas and British Honduras, may obtain a return receipt for the same by paying a fee of five cents in addition to the postage on each parcel, to be affixed to the parcel in stamps.

REGISTRATION.

The sender of a parcel addressed to any of the above-named countries, except Barbadoes, may have the same registered by paying a registration fee of 10 cents, and will receive the RETURN RECEIPT without special charge therefor; but the Post Office Department will in no case be responsible for the loss or damage of any parcel.

DELIVERY OF PARCELS.

The addressee of a registered parcel must be advised of the arrival of a parcel addressed to him, by a notice from the post office of destination. Postmasters will see that such notices are promptly given in all cases.

POSTAGE TO BE COLLECTED ON DELIVERY.

On the delivery of a parcel to the addressee a charge of five cents must be collected on each single parcel of whatever weight; and if the weight exceed one pound, a charge of one cent for each four ounces of weight, or fraction thereof, will be collected. Postage due stamps to the amount of this charge on each parcel will be affixed and canceled before delivery. See sections 557 and 559 Postal Laws and Regulations.

DUTIABLE ARTICLES.

Dutiable articles received in the United States by Parcel Post Mails will be rated and charged with the proper amount of customs duty by the customs officer at the United States Exchange Post Office at which said mails are received from abroad, and these duties will be collected and remitted to said customs officer by the postmaster who delivers the articles, according to section 622 Postal Laws and Regulations.

REDIRECTION OF PARCELS, AND UNDELIVERABLE PARCELS.

Parcels redirected from one address to another will be charged a fresh postage, at the prepaid rate; and an order for such redirection must be accompanied by the amount due for the necessary postage (at the rate of 12 cents a pound or fraction of a pound).

If a parcel cannot be delivered as addressed, or is refused, the postmaster at the office of address will notify the Superintendent of Foreign Mails, giving full particulars, and the sender will be communicated with through this Department, as to the manner in which he desires the parcel to be disposed of; and if no reply be received from him within a period of three months from the date of this notice, the parcel must be returned by the postmaster, pursuant to advices from the Department, under registration, to the collector of customs, according to the second paragraph of section 622 of the Postal Laws and Regulations, to be sold for the benefit of whom it may concern.

Similar action will be taken in Jamaica and Barbadoes, in respect to parcels sent from the United States.

Postmasters will take pains to assist the public to an understanding of this service and to its convenient uses.

SALES OF IRREGULAR QUANTITIES.

In making sales of envelopes and wrappers in quantities other than as above set forth, it is expected that postmasters will evince a proper spirit of accommodation, but they are not required to lose the fractions of a cent; and if a postmaster cannot make change, the purchaser must tender the exact amount for the number required.

When the schedule price of a single envelope is 3 cents and that of a single wrapper is 2 cents, and both are purchased in the same transaction, 4 cents, and *not* 5 cents, will be required; and the same principle applies to all similar sales of different qualities or denominations. That is, where several envelopes of different styles are sold, the postmaster will retain only the fraction of a cent on the whole purchase, and not on each separate envelope.

STAMPED ENVELOPES AND NEWSPAPER WRAPPERS SPOILED IN DIRECTING.

The *postage* on stamped envelopes and newspaper wrappers spoiled in directing will be refunded in stamps by a postmaster, if he is satisfied that they have never been used to transmit matter by mail, and that the misdirection actually occurred at the place where the redemption is claimed; also, provided that such envelopes shall be presented in a whole condition. (See section 181, Postal Regulations of 1887.)

SPECIAL-REQUEST ENVELOPES.

When ordered in quantities of five hundred and upward, of any specified denomination, the Department will, if desired, print on the upper left-hand corner of any of the above-described envelopes, except Nos. 4, 6 and 12 (circulars and newspaper wrappers), *without additional charge*, the NAME (*excluding business employment*) and POST OFFICE ADDRESS of purchasers (the post office as officially established and published in the Postal Guide), WITH A REQUEST TO RETURN, if unclaimed within a given time. These are officially designated as *Special-Request Envelopes*, AND THEY MUST IN ALL CASES BE ORDERED THROUGH POSTMASTERS, AND NOT BY DIRECT APPLICATION TO THE DEPARTMENT.

H. R. HARRIS,

Third Assistant Postmaster General.

Post Office Department, December 1, 1888.

CIRCULAR AS TO STAMPED ENVELOPES OF LARGE DENOMINATIONS.

To meet such other demands for the larger denominations of stamped envelopes as are not provided for on the preceding schedule, the Postmaster at the New York, N. Y., post office has been authorized to keep for sale to any who may desire to purchase, the irregular issues mentioned below. This concession is strictly limited to those envelopes here described, and they may be procured at that post office. Those ordering by letter must inclose postage and registry fee in full, in addition to the price of the stamped envelopes. This does not restrict the present privilege of buying these envelopes in quantities of 1,000 or more under the regular methods now in vogue at all post offices.

The NEW YORK TRIBUNE.

THE TRIBUNE claims the honor of having awakened the whole country to a sense of the justice of the claims of not only the wage earners and American Farmers to a complete and satisfactory Protection under the Tariff against the importation of their products from foreign lands. Every American citizen who plants a few acres of ground or raises a little flock of animals might well consider it a duty to honor THE NEW YORK TRIBUNE with his subscription for a year. He will himself be the gainer by taking a paper of sterling worth and high ability.

THE TRIBUNE believes thoroughly, not only in making agriculture profitable (it devotes two pages a week to a masterly exposition of agricultural matters), but also in making farm life and the home sweet and attractive. It believes "in a little nonsense, now and then," in sports and pastimes, in grange meetings, and everything else which develops and encourages the social life of the country towns. It will in the future, more than in the past, pay a great deal of attention to the lighter and more amusing side of life, as well as continue its discussions of matters of serious moment.

THE TRIBUNE has also been successful in rousing the country to a sense of shame at it neglect of the men who saved the Union, at the inequality and deficiencies of the pension and bounty laws, and the propriety of a Service Pension. The people at large, Congress, and even the slow nature of Grover Cleveland have been stirred by THE TRIBUNE'S work; and now, other newspapers are joining in the movement for payment to the veterans of the debt due them. Let the good work go on; but let every old soldier remember what paper started this public movement, and act accordingly. Every man who wore the blue will be interested in knowing that THE TRIBUNE'S G. A. R. page, which is published every week, sets forth the latest phases of the pension question, and in addition thereto, the important news of the G. A. R.; and furthur that a Census of the surviving veterans of the Union will probably be taken in 1890, owing exclusively to THE TRIBUNE'S work in that direction.

It is hardly necessary to say that THE TRIBUNE regards the use of alcoholic stimulants as the greatest curse that can invade the happiness of any home and sap the nobility of any human character. This paper will always labor for total abstinence on the part of every individual for abolition by the community where abolition is possible, and for rigid restriction where abolition is not possible.

THE TRIBUNE MAKES MEN THINK.

It is a soldier's paper, a farmer's paper, a woman's paper, and pre-eminently the paper of those who love what is sweet, high and noble in human life, and it intends to print a great deal of the news of the Granges.

Send for sample copies (which are free), and read THE TRIBUNE at least during the first year of Gen. Harrison's patriotic administration.

And remember that its high literary ability and the broad scope of its news makes it a paper valuable in every part of the United States.

PREMIUMS.

The premiums offered by THE NEW YORK TRIBUNE cannot be fully described here. Those desiring full particulars will please send for circular, which will be promptly forwarded. They are all offered on amazingly low terms. The names of the premiums are:

THE NEW-YORK TIMES.

The Best American Newspaper.

THE TIMES is alert in the business of collecting news. It aims to tell what is going on in the world, in all parts of the world, and neglects no interest or class which has a legitimate claim upon public attention. It watches and records progress in thought as well as progress in action, concerns itself somewhat with books and art, and is not inattentive to matters devised purely for the diversion of the human mind.

In politics THE TIMES is independent of party. Its editorial influence is directed to the election of candidates it believes to be the best, to the adoption of policies it considers the soundest.

The WEEKLY edition of THE TIMES contains all the current news condensed from the dispatches and reports of the daily edition, beside literary matter, discussions upon agricultural topics by practical farmers, full and accurate market reports of prices for farm produce, live stock, etc., and a carefully prepared WEEKLY WOOL MARKET.

No other New-York Newspaper so completely meets the wants of country readers.

The Monday issue contains the sermons printed in **The Daily Inter Ocean** of the same date.

THE WEEKLY INTER OCEAN.

Is the **Most Popular Family Newspaper** published West of the Alleghany Mountains. It owes its popularity to the fact that it is the **BEST EDITED** and has the **HIGHEST LITERARY CHARACTER** of any Western Publication. It is **CLEAN** and **BRIGHT**, and is the able exponent of **IDEAS** and **PRINCIPLES** dear to the American people. While it is broad in its philanthropy, it is **FOR AMERICA AGAINST THE WORLD**, and broadly claims that the best service that can be done **FOR MANKIND IS TO INCREASE AND MAKE PERMANENT THE PROSPERITY OF OUR GREAT REPUBLIC.** Conscientious service in this patriotic line of duty has given it an unusual hold upon the American people. Besides, no paper excels it as a disseminator of news.

THE MARKET REPORTS ARE RELIABLE AND COMPLETE. THE NEWS OF THE WORLD is found condensed in its columns, and the very best stories and literary productions **THAT MONEY CAN PURCHASE** are regularly found in its columns. Among the special family features are the departments—**THE FARM AND HOME, WOMAN'S KINGDOM,** and **OUR CURIOSITY SHOP.** On the whole, it is **A MODEL AMERICAN NEWSPAPER,** and richly deserves what it has, **THE LARGEST CIRCULATION** of any publication of the kind in America. It is the best paper for the home and for the workshop.

The price of The Weekly is.....$1.00 per year
The price of The Semi-Weekly is.....$2.00 per year

For the accommodation of its patrons the management of **THE INTER OCEAN** has made arrangements to club both these editions with **THAT BRILLIANT AND SUCCESSFUL PUBLICATION,**

SCRIBNER'S MAGAZINE,

One of the best Literary Monthlies in America, and which compares favorably with any of the older Magazines in illustrations and literary matter. **THE PRICE OF THE MAGAZINE IS $3.** but we will send **THE WEEKLY INTER OCEAN** and **SCRIBNER'S MAGAZINE,** both one year, for **THREE DOLLARS.** Both publications for the price of one. **THE SEMI-WEEKLY INTER OCEAN** and **SCRIBNER'S MAGAZINE,** both one year, for **FOUR DOLLARS.**

In the political campaign that ended in the election of **HARRISON** and **MORTON** and **THE TRIUMPH OF PROTECTION PRINCIPLES,** no paper had more influence than **THE INTER OCEAN.** It has been first, last, and always Republican, and during the campaign came to be recognized as the **LEADING REPUBLICAN PAPER OF THE WEST.** It will maintain this position, and will give special attention to governmental and political affairs.

Do You Want a Watch Free

IF SO, READ THIS CAREFULLY.

To introduce our **NEW BOX JOINT LOUIS XIV. HUNTING CASE LADIES' AND GENTLEMEN'S GERMAN GOLD WATCHES** and secure good agents we make **THIS REMARKABLE OFFER.**

A metal was discovered in Germany in February, 1888, which we are now introducing in this country for the first time. It is called **GERMAN GOLD**, and while it is not gold it takes its name from its perfect resemblance to pure gold and the place of its discovery.

Our **GERMAN GOLD** cases contain a percentage of pure gold, without which no metal can be made that will keep its color. Life-long experiments have disclosed the fact that a certain percentage of gold used in conjunction with several other metals will produce a metal equal in appearance and durability to **PURE GOLD**, though not of the same intrinsic value.

These cases so closely resemble gold, both in density and color, that the most skillful jewelers cannot detect the difference. They retain their brilliancy as long as gold.

These cases are of the latest patterns. No jewelry, however high in price, surpasses this in beauty, workmanship, or in any respect except the value. It equals that of gold, which costs nearly ten times as much. The discovery of this compound was characterized by all the leading jewelers, as well as ourselves, as being invaluable, for it is of vastly greater importance than the discovery of German Silver, because of its additional value, and it can be used for so many more important purposes and for the reason that millions of dollars' worth of gold was annually worked into jewelry and watch cases, thereby taking from circulation that immense amount of money which keeps the European and American money markets cramped for coin. The importance of the discovery of this compound for gold can be seen at a glance by all educated people, as it will in every case answer the purpose of **VIRGIN GOLD**, except for the coining of money. For that of course it will not answer, for the reason that virgin gold is the basis of all values, and this being a composition has no standard value, or we could not afford to encase the movements of the watch with this gold metal and sell the watches complete for that price, as the works are the same as in a regular gold case. The works of these watches, like the works of all our watches, are of the very finest genuine imported movements made, every piece is carefully made and fitted by hand, accurately regulated and adjusted with finest escapement and chronometer balance, quick train, richly jeweled, well finished, and the watch, taken altogether, presents the same appearance as a gold watch worth $200.00. No other house in the world offers good watches at so low a price; moreover, all our watches are good time-keepers.

We send none out but those which have been tested by our workmen for a considerable length of time. No watch is allowed to leave this establishment, no matter how pressing the order may be, until it has been thoroughly overhauled, regulated and made to correspond with the standard time-keeper. Therefore, those who purchase of us have every right to expect a first-class time-keeper for their money; and they may depend upon it that we will make every exertion to meet their anticipation.

We claim the following merits for the watches sold in our establishment:

1. THAT THEY WILL NOT VARY IF WOUND UP REGULARLY.

2. THAT THE CASES WILL RETAIN THE COLOR OF GOLD AS LONG AS WORN.

3. THAT THE BEST JEWELERS CANNOT DISTINGUISH THEM FROM GOLD WATCHES, EVEN WHEN TESTED WITH ACIDS.

4. THAT THE JEWELS ARE GENUINE AND NOT FALSE.

5. THAT THE MOVEMENT IS FIRST-CLASS IN EVERY PARTICULAR.

In short we claim for our watches every merit that is claimed for any gold watch costing $150 or $200.

OUR TERMS.—The price of each watch is $10, or three for $25, six for $50, twelve for $90.

Beautiful and well-finished chains of the same metal at $1, $2, $3 and $4 each. Chains are sold at **half-price** when ordered with the watches or by the half-dozen.

HOW TO SEND MONEY.—Send money by Registered Letter, P. O. Order or Bank Draft at our **risk.** If you want watches sent **C. O. D.** you must remit at least $1 with the order, as a guarantee of good faith.

Persons living away from an express office can have their watches sent by Registered Mail by sending full amount with the order and 25 cents to pay postage and registration. When sent by mail registered, they are as safe as by express.

READ, DECIDE AND ACT.—In order to get our German gold watches introduced throughout the country, we will make the following offer to all who contemplate taking an agency. We will forward one of our watches as a sample, with a splendid chain, German Gold, for $5.93, the actual cost of the watch and chain, which is $4.07 less than the retail price and $4.07 less than we ever offered a sample one before. We do this for the reason that it allows the regular jewelers margin for profit (50 per cent.) to those who act as our agents, that we well know if a person buys one we will be sure to send him half a dozen or a dozen the next time, as we have never known it to fail.

If you sell or cause the sale of six of these watches, we will send you one free.

Exclusive agency given good agents for their towns and counties. Apply at once as territory is being rapidly taken and our offer will only remain open until we have obtained the requisite number of agents.

Address THE HARRIS WATCH CO., 105 FIFTH AVENUE, CHICAGO, ILL.

ROPP'S COMMERCIAL CALCULATOR.

Just published, an entirely NEW, REVISED and greatly ENLARGED edition of this useful and popular work, the result of nearly twenty years of study and thought in devising Commercial Tables and original Methods for *simplifying* and *shortening* the work in *practical* calculations.

It will make the study of arithmetic interesting and *easy* for all, as it teaches only the simplest, shortest and most practical methods in a practical manner. Consequently it will prove of great advantage to those who have not had the opportunity or ability to master and *memorize* all its rules and principles in their earlier days; or those who would now and then *review*, provided they had the *cream* of this great and useful science condensed in 50 or 60 pages, which is here successfully achieved.

IT WILL SHOW AT A GLANCE

The correct value of any quantity of grain, stock, hay, coal, cotton, butter, eggs, and all kinds of merchandise, at any price, without making a single figure, as illustrated below.

The exact interest on any sum, for any time and at any rate per cent. The wages for any time, at any rate per month, week, day or hour.

The accurate measurement of logs, lumber, land, cisterns, tanks, bins, wagon-beds, corn-cribs, hay-stacks, cord-wood, and carpenters', plasterers' and bricklayers' work.

Besides, it contains exchange, discount, freight, grocers' and ginners' tables; tables of money, weights, measures, board, rent, specific gravity, etc. Also a perpetual Calender for instantly ascertaining the "Day of the Week," for any date in the past or future.

The second part is a complete Arithmetic, designed for practical work, in which all its rules and principles are clearly explained, and illustrated by practical examples. Among its many *original* features, we have only space to mention the following:

An entirely new and simple process for "adding long colums of figures," with the greatest ease and unerring rapidity, by "casting out the tens," whereby the mind is entirely relieved, and the tendency to err, or get confused, greatly diminished.

Many new methods for finding the value of articles sold by the bushel, hundred-weight, ton, piece, pound, yard, or dozen, without getting involved in fractions and complicated operations.

Three entirely new methods for computing time and interest, either one of which is easier and shorter than any rule heretofore published for computing interest.

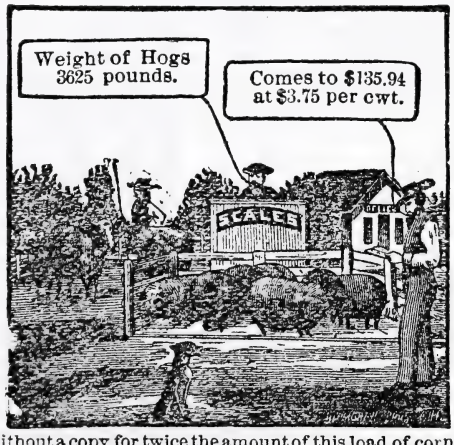
The principles of "advance and discount" by percentage, thoroughly and clearly elucidated by six original tables and methods. This feature alone is worth many times the cost of the book to any teacher, accountant or business man.

The many short and original rules in practical mensuration, among them the *only correct* one ever published for estimating the contents of saw-logs.

In fact, all the *practical* features found in Higher Arithmetics, Lightning Calculators, Ready Reckoners, Interest, Wages, Log and Lumber Tables, are here combined; besides many *original* Rules and Tables which really are the most valuable part of the work. And, aside from this, a more convenient and desirable pocket memorandum than Nos. 3 or 5 has never before been offered to the public.

The book is neatly printed on the finest quality of linen fiber paper, 128 pages, and elegantly bound in pocket-book form; has full and clear explanations in English; also in German to nearly all the tables. The Nos. 3 and 5 are supplied with pockets, a silicate slate, and a valuable Account-book, which contains printed headings, and *self-instructing* formulas for keeping a systematic record of receipts and expenditures—in fact, all about book-keeping that is needed by farmers, mechanics and laborers.

Problems in Cost of Grain, Stock, Hay, Coal, Cotton, Etc.



Stock Shipper—Your bunch of hogs weigh just 3625 lbs.; and at $3.75 per cwt. they come to $125.94. Here is a check for the amount.

Farmer—Hold on, sir; there is a mistake somewhere. I see by Ropp's Commercial Calculator that the amount should be $135.94.

S. S. (after looking over his figures carefully)—You are right; here is a $10 bill with your check. Pardon my mistake.

(See Stock Table, p. 6; and Rules, Art. 98, 99.)

In the same rapid manner the amount of a load of hay, weighing, for instance, 2670 lbs., at $13 per ton, is instantly found to be $17.39. Of a bale of cotton, weighing 528 lbs., at 8¼ cts., $16.20, etc. See Hay, Coal and Cotton Tables, pp. 10 and 11; and Rules, Art. 96, 99.

Farmer—Good morning, sir. What are you paying for corn to-day?

Grain Buyer—We are paying 45 cents to-day.

F.—What is the weight of my load?

G. B.—The net weight is just 2950 lbs.

F. (opening his Calculator)—Then I had on 52 bus. and 38 lbs., and it comes to $23.70.

(See Grain Tables, pp. 15, 28; also Rules, Art. 94, 95.)

G. B. (after figuring it up)—Correct. Why, since when can you figure so *rapidly*?

F.—Oh, ever since I use Ropp's Commercial Calculator. It is a capital work, and saves not only time and labor, but often dollars and cents as well. I would not be without a copy for twice the amount of this load of corn

"A handy little volume, in pocket-book form, in which is condensed an immense amount of useful information in the shape of tables and short cuts through calculations, which ordinarily bristle with a formidable array of perplexing figures. * * * Altogether it is an exceedingly useful manual, which will prove of great assistance to farmers and business men."—*Scientific American*, New York.

"How are we to know your watches to be as represented?" We answer:—In order to satisfy the most skeptical we send it for examination before purchasing. We ask no one to pay for it until they are satisfied that it is just as represented. In case you wish to examine the watch before purchasing, it will be necessary for you to send 50 cents in postage stamps to show that you mean business, and we will then send it to you **C.O.D.** If after examination you find it to be as represented you can pay the balance **$5.37,** otherwise nothing. THE NEW ENGLAND MAGAZINE.

A HANDSOMELY ILLUSTRATED, POPULAR, HISTORICAL AND LITERARY MONTHLY.

Prominently devoted to the presentation in original, authentic and popular form, yet with true artistic and literary merit, the historical, biographical, social, educational and general interests and enterprises of

THE NEW ENGLAND STATES AND PEOPLE.

—BEING—

THE REPRESENTATIVE NEW ENGLAND MAGAZINE.

True to her Past, Alive to her Present, and Watchful for her Future.

EMPHATICALLY A

POPULAR PANORAMA OF NEW ENGLAND HISTORY AND NEW ENGLAND LIFE.

Together with picturesque glimpses and popular gleanings from the broader field of

NATIONAL LIFE AND NATIONAL PROGRESS.

The rich variety, wide research, popular scope and permanent value of its labors will be shown in cultured contributions upon New England, in

HISTORY, BIOGRAPHY, ANECDOTE, LEGEND, TRADITION, ROMANCE, POETRY,
POLITICS, EDUCATION, ENGINEERING, RECREATION, ART. SCIENCE, DISCOVERY,
AGRICULTURE, ARCHITECTURE, INDUSTRY, INVENTION, DEVELOPMENT, TRADE, and COMMERCE.

Nor shall we overlook those most fascinating and popular subjects for historic treatment, the

Remarkable Events, Extraordinary Trials, Curious Characters,
Strange Experiences, Wonderful Escapes, And Romantic Episodes,

That so thickly dot our country's history, and the

Heroic Incidents, Stirring Adventures,
Daring Exploits, And Marvellous Achievments,

ON LAND AND SEA, IN PEACE AND WAR,

That have won for the sons and daughters of New England, and of America, fame and favor in all parts of the world.

In addition to its unique New England features as distinguished from other magazines it will maintain an equally

DISTINCT NATIONAL CHARACTER

As the only magazine devoting systematic attention to the publication of

PICTORIAL DESCRIPTIONS OF AMERICAN CITIES,

Scenes, Institutions and Industries, in a popular, reliable and comprehensive form.

Special prominence will be given to the most complete, artistic and authentic illustrations of those cities and sections of our common country that by recent development, natural advantages, healthful growth and prospective importance are inviting fields for the investment of New England capital and New England energy, and the establishment of permanent homes.

Thus, while there are many neglected fields of rich historic interest in which THE NEW ENGLAND MAGAZINE will be an industrious worker, it will, also, be wedded closely to the living present, as an active educational force, and in aid of the fullest development of the vast natural resources and advantages, especially in the broad regions of the South and West, that lie unimproved eagerly awaiting the vivifying touch of the nimble fingers of well-directed capital; where the lines of life may be pleasantly drawn.

OUR ONLY

NOVELTY FOR 1889

Is one that

NEVER FADES.

It is Evergreen, Perennial, Hardy and Useful,

It Flowers and Fruits every month in the year.

Always "standard." Never a dwarf.

It was originated and "introduced" in 1846 by Andrew Jackson Downing, the father of American horticulture. Improved by "culture," "selection," crossing" and "grafting" by Dr. F. M. Hexamer, Thomas Meehan, Henry T. Williams, and others, assisted by nearly all the practical, successful workers in rican horticulture during the past 42 years. Thus it has been

THOROUGHLY TESTED

by time, in nearly every land and clime, in the temperate and torrid zones, by hundreds of thousands of people.

Its careful examination and use every month will make any bit of earth in-doors or out-doors, to produce abundantly of ALL desirable growing things at are fitted for culture. This is

NO IMPROBABLE WONDER,

but it is the exact truth, being simply our way of describing that monthly product of knowledge, experience, skill and hard work—THE AMERICAN GARDEN magazine (which also unites within itself the old Horticulturist of Downing, the Gardener's monthly of Meehan, and the Floral Cabinet of Williams)—to-day unquestionably the foremost monthly periodical devoted to horticulture.

Price, $2.00 a year. Net price to Postmasters, who will act as agents, $1.25 a year. Single numbers, 20 cents. Two numbers, to any Postmaster for introduction, 10 cents.
